CORPORATE STRUCTURE

Name, Incorporation and Address

TMX Group Inc. (referred to, with its consolidated subsidiaries, as the context requires, as “TMX Group”, “we”, or “us”) is a leading, integrated, multi-asset exchange group with a history that dates back over 150 years. The Toronto Stock Exchange was founded in 1852. It demutualized and continued as The Toronto Stock Exchange Inc. under the *Business Corporations Act* (Ontario) on April 3, 2000. We renamed The Toronto Stock Exchange Inc. as TSX Inc. on July 10, 2002.

Immediately before we closed our initial public offering of our common shares on November 12, 2002, TSX Inc. and its affiliates completed a corporate reorganization under a court approved plan of arrangement. As part of the reorganization, TSX Group Inc., as it was then called, incorporated under the *Business Corporations Act* (Ontario) on August 23, 2002, acquired all of the outstanding shares of TSX Inc. and became the holding company for the TSX group of companies. The shareholders of TSX Inc. were issued shares of TSX Group Inc. in exchange for their shares of TSX Inc.

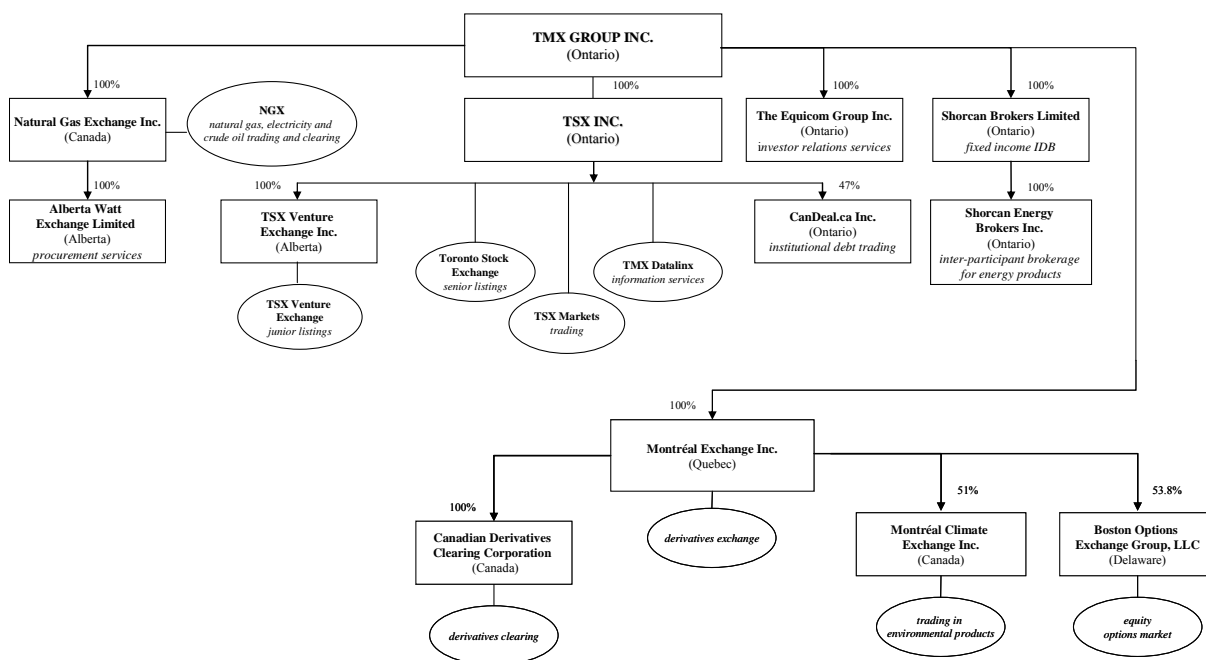

On May 1, 2008, we completed our business combination with Montréal Exchange Inc. (“MX” or “Montréal Exchange”), and to reflect this combination, following shareholder approval on June 11, 2008, we changed our name from TSX Group Inc./Groupe TSX Inc. to TMX Group Inc./Groupe TMX Inc.

On February 9, 2011, we announced an agreement to combine TSX Group with London Stock Exchange Group plc (“LSEG”) in an all-share merger of equals. A description of this proposed merger is located under the heading “2011 – Merger with London Stock Exchange Group plc” on page 9 of this AIF.

Our head and registered offices are at The Exchange Tower, 130 King Street West, Toronto, Ontario, M5X 1J2. We also have offices in Montreal, Calgary, Vancouver, Houston, Boston, Chicago, Washington D.C. and London, U.K. Our website is www.tmx.com. We are not incorporating information contained on our website in our AIF.

Intercorporate Relationships¹

We carry on our business directly or indirectly through the companies (boxed) and operations (circled) shown below:

¹ The chart above outlines the jurisdiction in which each company was incorporated, continued, formed or organized and the percentage of votes attaching to all voting securities of each company held directly or indirectly by TMX Group or its subsidiaries.

GENERAL DEVELOPMENT OF THE BUSINESS²

Advances in technology, globalization, consolidation, regulation and the introduction of alternative trading venues have changed the way global exchange markets operate. Exchanges have combined and are continuing to combine across jurisdictions and across asset classes and have moved to integrated, diversified and multi-product business models in order to broaden their revenue sources and realize efficiencies. Market participants are demanding faster, less expensive, and more sophisticated trading capability and are seeking new sources of liquidity, products and services which has resulted in the creation of alternative trading venues that are competing aggressively with exchanges for order flow.

These trends are apparent in Canada as a number of alternative trading systems (“ATS”) operating both dark and visible trading venues have entered the equity trading market. In the past few years, competition has intensified. While volumes on our equity exchanges have grown, we have lost market share to these new entrants. Toronto Stock Exchange and TSX Venture Exchange’s combined share of equity trading was relatively stable in 2010, in the 70% to 75% range³, but we expect to continue to face significant pricing pressure as we compete in this multi-marketplace environment.

In the past several months, we have seen renewed consolidation activity in the exchange sector. In October 2010, Singapore Exchange Ltd. offered approximately US\$8.3 billion for all of ASX Ltd., the operator of the Australian Securities Exchange. On February 15, 2011, Deutsche Boerse AG (“Deutsche Boerse”) and NYSE Euronext announced that they have entered into a business combination agreement, whereby upon completion of the proposed transaction former Deutsche Boerse shareholders and former NYSE Euronext shareholders would own 60% and 40%, respectively, of the combined group on a fully diluted basis. In addition, on February 18, 2011, BATS Global Markets, a company that operates both exchanges and other trading markets and facilities in both the U.S. and Europe, entered a definitive agreement to acquire Chi-X Europe, which these parties believe will create the largest pan-European trading centre in terms of market share and notional value traded.

On February 9, 2011, we announced an agreement to combine TMX Group with LSEG in an all-share merger of equals. Under the terms of the merger agreement, TMX Group shareholders will receive 2.9963 LSEG ordinary shares for each TMX Group share. Based on this exchange ratio, LSEG shareholders will own approximately 55% and TMX Group shareholders will own approximately 45% of the new TMX Group – LSEG combined group (the “Merged Group”). A description of this proposed merger is located under the heading “2011- Merger with London Stock Exchange Group plc” on page 9 of this AIF.

The multi-market environment in Canada and the credit and economic crisis that occurred in late 2008 and 2009 could lead to increased regulation of our businesses by securities and other regulatory agencies both in Canada and the U.S. and could extend to areas of our businesses that to date have not been regulated. Expanding U.S. regulation and proposed initiatives, in particular, the *Dodd-Frank Wall Street Reform and Consumer Protection Act* (the “Dodd-Frank Act”) impacting over-the-counter (OTC) derivatives markets, exempt commercial markets

² The “General Development of the Business” section contains certain forward-looking information. Please refer to “Forward-Looking Information” on page 43 of this AIF for a discussion of assumptions, risks and uncertainties related to such statements.

³ IIROC, Market Share by Marketplace Stats to December 2010.

(“ECMs”), derivatives clearing organizations (“DCOs”) and foreign boards of trade (“FBOTs”), among others, could increase the regulation of and cost of compliance for our markets that operate in the U.S. and are impacted by U.S. regulatory developments. In Canada, the provincial securities regulators have released a proposal paper regarding the regulation of the Canadian OTC derivatives markets which could lead to expanded regulation and increase the cost of compliance for our markets whose business is impacted by these developments. Such developments, depending on how they are implemented, could also benefit our businesses whose participants are impacted by these regulatory initiatives by directing some trading activity from the OTC markets to exchanges and central counterparty clearing houses.

Overview of Our Business

TMX Group has grown and diversified its business over the past decade. We own and operate equities, energy and fixed income cash and derivatives markets, and clearing houses in Canada and the United States. The following table outlines our evolution from a stock exchange to a multi-asset class exchange group, offering a wide range of products and services.

Year	Asset Class	Brand
1852	Senior Equities	Toronto Stock Exchange
2001	Junior Equities	TSX Venture Exchange
2002	Fixed Income – dealer to client electronic platform	CanDeal ⁴
2004	Energy – trading and clearing natural gas and electricity contracts	NGX
2006	Electricity – providing ancillary services to the Alberta System Operator	Watt-Ex
	Fixed Income – leading Canadian fixed income indices and PC-Bond analytics applications	PC-Bond
	Fixed Income – fixed income inter-dealer broker (“IDB”)	Shorcan
2007	Investor relations and corporate communications services	Equicom
2008	Derivatives trading – standardized interest rate, index and equity derivatives contracts	Montréal Exchange

⁴ 47 percent ownership interest.

Year	Asset Class	Brand
	Derivatives clearing – all transactions on MX and certain OTC products	CDCC
	Derivatives trading – equity options	BOX ⁵
2009	Crude Oil – trading and clearing	NTP
2010	Inter-participant brokerage - energy products	Shorcan Energy Brokers

Three Year History - Initiatives, Alliances and Acquisitions⁶

Over the past three years, we have undertaken many initiatives which have enabled us to grow through diversification. We also embarked on other initiatives with the intention of growing our core business, expanding our products and services, and offering superior technology. Consistent with our strategy, on February 9, 2011, we announced an agreement to combine our operations with LSEG in an all-share merger of equals. This merger, which will create a world-leading organization, will be jointly headquartered in London and Toronto and will offer an international gateway to global pools of capital formation and liquidity and a unique portfolio of highly complementary markets, products, technologies and services. The proposed transaction is described in more detail on page 9 of this AIF under the heading “2011 – Merger with London Stock Exchange Group plc”.

2008

Derivatives

On May 1, 2008, we completed our business combination with MX. MX is Canada’s only standardized financial derivatives exchange and is headquartered in Montreal. MX offers trading in Canadian interest rate, index and equity derivatives, and, through its subsidiary, Canadian Derivatives Clearing Corporation (“CDCC”), provides clearing, settlement and risk management services.

The combination was effected by a series of amalgamations (the “Amalgamation”) whereby TMX Group indirectly acquired all of MX’s outstanding common shares for a total consideration of 15,316,608 TMX Group common shares and \$428.2 million in cash. Upon the completion of the Amalgamation, MX became a direct subsidiary of TMX Group.

⁵ 53.8 percent ownership interest.

⁶ The “Three Year History - Initiatives, Investments, Alliances and Acquisitions” section contains certain forward-looking information. Please refer to “Forward-Looking Information” on page 43 of this AIF for a discussion of assumptions, risks and uncertainties related to such statements.

In connection with the combination with MX, we recorded goodwill of approximately \$460.1 million and intangible assets of approximately \$797.0 million, which primarily related to the value ascribed to MX's derivative products and customer bases, in our consolidated financial statements for the year ended December 31, 2008. Based on assumptions made in conjunction with the December 31, 2010 year end impairment review, the fair value of MX's intangible assets, including goodwill attributed to MX, remains above carrying values.

On the date of the Amalgamation, MX had a 31.4 percent ownership interest in Boston Options Exchange Group, LLC ("BOX"), an all-electronic equity options market. On December 21, 2007, MX announced that it reached an agreement to increase its ownership position in BOX from 31.4 percent to 53.3 percent. Under the terms of the agreement with the Boston Stock Exchange, Inc. ("BSE"), MX agreed to pay US\$52.5 million in cash for the 21.9 percent partnership interest in BOX held by the BSE. On August 29, 2008, MX acquired the additional 21.9 percent interest in BOX from the BSE, giving MX a majority ownership interest of 53.3 percent in, and control of, BOX. The aggregate purchase price, including direct transaction costs for the increased ownership interest, amounted to \$58.0 million. In October 2008, as a result of a buy-back of units by BOX, MX's ownership increased to 53.8 percent. Please refer to the "*Our Business—MX and BOX – Derivatives Trading and Clearing*" section of our 2010 MD&A on pages 25 to 29 for additional information on BOX.

In connection with the acquisition of control of BOX, we recorded goodwill of approximately \$106.7 million and intangible assets of approximately \$28.8 million, which primarily related to the value ascribed to BOX's customer base, in our consolidated financial statements for the year ended December 31, 2008. In the fourth quarter of 2009, we reviewed the carrying values of these assets and determined that it was appropriate to write down the value of the goodwill related to MX's investment in BOX by \$77.3 million. This write-down was recognized as a charge in our consolidated statement of income for the year ended December 31, 2009. This non-cash, accounting charge reflected increased competition and a weakening market share in the U.S. equity options trading market at the end of 2009. In 2009 and 2010, management at BOX developed new services and introduced new pricing with the intention of reversing the reduction in market share; however, it is premature to conclude whether these or other initiatives to incent liquidity will be successful over time. Based on assumptions made in conjunction with the December 31, 2010 year end impairment review, the fair value of BOX's intangible assets, including goodwill attributed to BOX, remains above carrying values. Please refer to the "*Critical Accounting Estimates - Identifiable Intangible Assets and Goodwill*" section of our 2010 MD&A on pages 69 to 72 for additional information on the write down of goodwill related to MX's investment in BOX.

Energy

In February 2008, we embarked on a transformative technology and clearing alliance for the North American natural gas and Canadian power markets between Natural Gas Exchange Inc. ("NGX"), our energy exchange and clearing house, and IntercontinentalExchange, Inc. ("ICE"). The alliance brings together the respective strengths of NGX, North America's leading physical clearing and settlement facility in energy, and ICE, a leading operator of regulated global futures exchanges, clearing houses and OTC markets. Under the arrangement, North American physical natural gas and Canadian electricity products are offered through ICE's electronic commodities trading platform. NGX serves as the clearing house for these products and maintains responsibility for exchange trading in certain of these products.

2009

Cash Equities

In 2009 we introduced the following new and innovative products and technology enhancements. In April, we completed the launch of the TMX Smart Order Router which provides subscribers with trading access to all visible Canadian marketplaces trading Toronto Stock Exchange and TSX Venture Exchange listed securities. The smart order routing solution is designed to help customers operate more efficiently and cost effectively in a multiple marketplace environment. Following the migration in 2008 of Toronto Stock Exchange symbols to TSX Quantum, our state of the art trading platform, in May 2009, all of the TSX Venture Exchange symbols were successfully transitioned to TSX Quantum. In November 2009, we completed the implementation of our new low latency TSX Quantum Order Entry Gateway. This gateway was designed to support the dramatic increase in messaging rates and performance demands from the trading community.

In June 2009, the Canadian Securities Administrators (the “CSA”) announced that TSX Inc. had been appointed to act as an information processor for exchange-traded equity securities for a period of five years, commencing July 1, 2009. The role of an information processor is to provide a central source of consolidated Canadian equity market data that meets standards approved by regulators. Please refer to “*Regulatory Matters - TSX Inc. as Information Processor*” on page 15 of this AIF for more information on TSX Inc.’s role as an information processor.

Derivatives – Trading and Clearing

In March 2009, MX granted the London Stock Exchange plc (“LSE”) a license to use a customized version of SOLA Trading, the derivatives trading technology developed by MX, for certain LSE affiliates and partners, including EDX London Limited (“EDX”), the equity derivatives business of the LSE. In December 2009, EDX and Oslo Børs began trading Nordic and Russian derivatives on SOLA. Borsa Italiana transitioned to the SOLA platform in November 2010.

In May 2009, we launched the SOLA Clearing system, which is intended to provide better service to clients as well as to provide the flexibility to enhance CDCC’s product offering for exchange traded and OTC derivatives.

Energy

On May 1, 2009, we acquired 100 percent of the outstanding common shares of NetThruPut Inc. (“NTP”), a Canadian electronic trading platform and clearing facility for physical crude oil products, from its shareholders, Enbridge Inc. (“Enbridge”) and Circuit Technology Limited (“Circuit Technology”). We satisfied the aggregate purchase price of \$66.9 million by issuing 878,059 of our common shares, valued at \$32.1 million, and cash of \$23.7 million. The purchase price also included restructuring and direct transaction costs of \$1.6 million, as well as the cost of the option to acquire NTP in the amount of \$9.5 million. In connection with our acquisition of NTP, we recorded goodwill of approximately \$30.6 million and intangible assets of approximately \$49.6 million, which primarily related to the value ascribed to NTP’s product list and customer base, in our consolidated financial statements for the year ended December 31, 2009. Based on assumptions made in conjunction with the December 31, 2010 year end

impairment review, the fair value of NTP's intangible assets, including goodwill attributed to NTP, remains above carrying values.

2010

Cash Equities

In keeping with our commitment to deliver state of the art levels of technology to our markets, we are continuing to invest in, and are implementing a multi-phased initiative to expand, the infrastructure across our trading and data enterprise. In order to increase throughput capability, we are expanding our internal networks, storage and application servers. The first expansion phase was completed in the first half of 2010. The second phase is well underway. The expansion of the trading and data enterprise is designed to improve our overall market leading infrastructure to better serve our existing customers and to attract additional customers and order flow to our marketplace.

In 2010, we announced the introduction of two new on-book non-displayed order types on Toronto Stock Exchange and TSX Venture Exchange. These “dark” orders are designed for trading customers who are seeking price improvement and trading with minimal market impact. They became available in March 2011 and are fully integrated into the existing order book on each exchange. The new non-displayed order types, Dark Mid-Point and Dark Limit Orders, interact and trade with visible as well as other non-displayed orders. The “dark” order types are initially being offered on a few Toronto Stock Exchange and TSX Venture Exchange symbols and will be gradually phased in for all symbols.

In October 2010, we submitted regulatory filings to create a new ATS, TMX Select. TMX Select will offer a visible marketplace for trading equity securities. TMX Select will operate on TMX Group's high-performance TSX Quantum trading platform, with functionality and pricing models separate and distinct from Toronto Stock Exchange and TSX Venture Exchange. The launch of TMX Select is expected to occur in June 2011, subject to regulatory approvals.

Information Services (formerly Market Data)

In the first half of 2010, we completed the construction of our new co-location facility, and on June 30, 2010, clients began installing their trading applications in the TMX data centre. Our co-location facility provides our trading and data clients with a single point of direct high-speed access to the Toronto Stock Exchange, TSX Venture Exchange and MX trading engines and market data feeds.

In 2010, TMX Datalinx introduced a new network, TMXnet GTA (Greater Toronto Area), which provides ultra low-latency connections to international and domestic firms with technology infrastructure located in the Toronto area. TMXnet GTA offers several paths between the downtown Toronto core and the TMX GTA data centres, removing single points of failure. The network reduces latency both in and out of the Toronto market, reduces cost and improves availability. TMXnet GTA's direct links also provide connections to Canadian and U.S. data feeds, TMX Information Processor products and TMX Group's co-location facility.

Derivatives

In 2010, CDCC worked closely with market participants and regulatory authorities to launch the clearing of fixed income repurchase agreements and cash buy and sell transactions, after being selected by the Investment Industry Association of Canada in December 2009 as its preferred service provider to develop and implement the infrastructure required to provide central counterparty clearing services for the Canadian fixed income market. The first phase of this project is expected to be completed during the fourth quarter of 2011. In a subsequent phase of this project, CDCC also expects to expand its service offering to include the clearing of general collateral repurchase agreements which relate to a basket of eligible fixed income securities. In November, 2010, CDCC responded to an industry-issued request for information by indicating its intention to operate as a central clearing counterparty for the Canadian market for OTC interest rate swaps and other derivatives.

Energy

During 2010, NGX launched clearing services at ten new hubs in the U.S. bringing the number of U.S. clearing locations to 30 at December 31, 2010. NGX also clears crude oil at ten locations and clears physical gas at 17 locations in Canada in addition to offering two financial gas products and two financial power products. In 2010, we also launched Shorcan Energy Brokers Inc. (“Shorcan Energy Brokers”), a wholly owned subsidiary of Shorcan Brokers Limited (“Shorcan”), that provides an inter-participant brokerage facility for matching buyers and sellers of energy products, including crude oil.

2011

Energy

Following NGX’s 2009 expansion into the trading and clearing of crude oil products, in January 2011, NGX and ICE entered an agreement to add Canadian and U.S. physical and Canadian financial crude oil products to its existing clearing and technology alliance. Under the terms of this agreement, NGX’s Canadian physical crude products will be offered for trading through ICE’s electronic trading platform. NGX will provide clearing services for the new physical crude contracts that will be traded on ICE. ICE and NGX launched the combined offering in early March 2011.

Merger with London Stock Exchange Group plc⁷

On February 9, 2011, we announced an agreement to combine our operations with LSEG in an all-share merger of equals. The merger is being unanimously recommended by the Board of Directors of TMX Group and the Board of Directors of LSEG. The merger will be implemented by way of a court-approved plan of arrangement under the *Business Corporation Act* (Ontario). Under the terms of the plan of arrangement, TMX Group shareholders will receive 2.9963 LSEG ordinary shares for each TMX Group share they hold. TMX Group resident Canadian shareholders that are not exempt from taxation may receive, at their election, 2.9963 exchangeable shares in an indirect Canadian subsidiary of the Merged Group (“Exchangeco”) for

⁷ The “Merger With London Stock Exchange Group plc” section above contains certain forward-looking information. Please refer to “*Forward-Looking Information*” on page 43 of this AIF for a discussion of assumptions, risks and uncertainties related to such statements.

each TMX Group share, each exchangeable by the holder at any time into a Merged Group ordinary share. Upon completion of the merger, TMX Group shareholders will own approximately 45% and LSEG shareholders will own approximately 55% of the Merged Group, which will be renamed. The shares of the Merged Group will be listed on Toronto Stock Exchange and admitted to trading on London Stock Exchange. Exchangeco will be listed on Toronto Stock Exchange.

The Merged Group will be jointly headquartered in Toronto and London. In addition, the merger agreement recognises the existing centres of excellence within the Merged Group and reinforces these strengths by assigning global responsibility across its geographic footprint.

The boards of TMX Group and LSEG believe that the merger is strategically compelling and will create a more diversified business with greater scale, scope, reach and efficiencies, generating substantial benefits for all stakeholders:

- Global listings hub - The Merged Group will be the leading listings franchise globally with a flexible and deep pool of international capital and investment expertise as well as international markets in seven countries for businesses of all sizes, from venture-funded companies, through small and medium sized enterprises (“SMEs”) to large global corporations. The combined entity will rank first globally in terms of the following:
 - number of listings – over 6,700 companies with an aggregate market capitalization of \$5.8 trillion
 - number of natural resources, mining, energy and clean technology companies
 - number of international listings from emerging and growth markets
 - number of listings for venture or alternative market issuers with approximately 3,600 combined AIM and TSX Venture Exchange listings providing deep expertise in supporting small-cap and early stage companies
- Breadth of markets - The Merged Group will offer 20 trading markets/platforms across North America and Europe, providing trading in cash, equities, derivatives, fixed income and energy markets. In addition, the trading operations will be supported by strong regional post-trade operations and information services.
- Information services leader – The Merged Group will have an extensive set of global information, market data and index businesses, offering customers an increased suite of products.
- Technology expertise – The Merged Group will have a shared technology strategy focusing on market-leading, high-performance and cost-effective cash and derivatives trading technologies applied across the Merged Group. In addition, the Merged Group will offer technology to the global financial services and exchange industries.

The Merged Group is expected to create substantial value for all stakeholders and shareholders, with a robust capital structure from which to capture future growth opportunities. Certain benefits of the transaction are as follows:

- Revenue benefits – The Merged Group is targeting \$56.0 million in year three growing to \$160.0 million annual run-rate revenue benefits in year five following completion of the transaction. Revenue benefits are targeted to arise across the Merged Group’s diversified lines of business and activities, including primary markets (including listings and other issuer services) and derivatives, post-trade, data and information and technology.
- Cost synergies – The Merged Group is targeting annual run-rate cost synergies and other transaction-related cost savings, comprising information technology and non-information technology related savings, of \$56.0 million by end of year two following completion of the merger. Associated one-time implementation costs, which are expected to be incurred over two years, are estimated at approximately \$64.0 million, primarily driven by transitioning to common technology platforms.
- Value creation – The transaction is expected to be accretive to adjusted earnings per share-post-cost synergies⁸ for both TMX Group and LSEG shareholders in the first full year following completion.

Completion of the merger is subject to regulatory, shareholder and other approvals as well as certain other conditions. The following provides an overview of certain approvals and conditions that must be met:

- (a) Approval by at least 66 ⅔% of the votes cast by shareholders of TMX Group at a special meeting of TMX Group shareholders;
- (b) Approval by a majority of votes cast by LSEG shareholders at a general meeting of LSEG shareholders;
- (c) Ontario court approval of the plan of arrangement;
- (d) Certain regulatory approvals, including under the *Investment Canada Act*, *Competition Act* (Canada), under the Hart-Scott-Rodino Antitrust Improvements Act (U.S.) as well as from the Ontario Securities Commission (“OSC”), Autorité des marchés financiers (Québec) (“AMF”)⁹, Alberta Securities Commission (“ASC”), British Columbia Securities Commission (“BCSC”), U.S. Securities

⁸ Adjusted earnings per share-post-cost synergies is derived from International Financial Reporting Standards basic earnings per share adjusted to exclude the impact of exceptional items (being items of income and expense that are material by size and/or nature and are non-recurring) and amortisation of acquired intangible assets. It is not a measure required under IFRS, does not have standardised meaning under IFRS and may, therefore, not be comparable to similar measures presented by other peers. We may present this measure in order to quantify the impact of combining LSEG and TMX Group on financial performance.

In determining accretion of adjusted earnings per share, one-off costs to achieve synergies and deal related costs are also excluded in addition to the above.

⁹ Regulatory approvals include a decision from each of the OSC and the AMF approving the beneficial ownership by LSEG of all of the common shares of TMX Group

and Exchange Commission (“SEC”), U.S. Federal Trade Commission, Financial Services Authority (UK) (“FSA”), Office of Fair Trading (UK), Bank of Italy and Commissione Nazionale per le Società e la Borsa; and

- (e) Listing of the Merged Group ordinary shares and the exchangeable shares issued by Exchangeco on Toronto Stock Exchange and listing of the Merged Group ordinary shares issuable pursuant to the plan of arrangement on London Stock Exchange.

TMX Group intends to pay its shareholders pro-rated dividends with respect to the period from December 31, 2010 to the completion of the merger transaction in an amount in line with its current dividend policy. Following completion, the Merged Group intends to maintain the current gross amount of dividends paid, then maintain dividends on a progressive basis going forward.

The merger agreement, which provides for an outside implementation date of November 9, 2011 (with up to a 30-day extension in certain circumstances), contains customary provisions for a transaction of this nature, including customary representations and warranties, covenants, undertakings and conditions. In the merger agreement, each of TMX Group and LSEG have agreed not to solicit other offers. The merger agreement provides that the Boards of Directors of each of TMX Group and LSEG may, under certain circumstances, terminate the agreement in favour of an unsolicited superior proposal, subject to a payment of a termination fee of \$39 million, and subject to a right by each party to match the superior proposal in question.

It is anticipated that the relevant shareholders’ meetings will take place in the second quarter of 2011 and court approval will be sought within three business days of TMX Group’s shareholders approving the merger. Subject to obtaining shareholder, court and regulatory approvals, the merger is expected to become effective in the second half of 2011.

A discussion of additional initiatives and further information on certain initiatives described above can be found in the “*Vision, Corporate Strategy, Initiatives and Accomplishments*” section of our 2010 MD&A and throughout the “*Our Business*” section of our 2010 MD&A on pages 8 to 12 and pages 16 to 36, respectively.

Vision, Strategies, Initiatives and Accomplishments and Market Conditions

Information on our vision, business strategies, initiatives and accomplishments, and market conditions is located in the “*Vision, Corporate Strategy, Initiatives and Accomplishments*” and “*Market Conditions*” sections of our 2010 MD&A on pages 8 to 12 and 15. The “*Our Business*” section on pages 16 to 36 of our 2010 MD&A also contains information on our market conditions and on our strategies, initiatives and recent accomplishments.

NARRATIVE DESCRIPTION OF THE BUSINESS

Our Business Operations

A complete description of the operations, revenues and results of operations of our equities, energy and fixed income cash and derivatives markets and clearing houses, including a description of our products and services, key statistics, pricing and competition can be found in the “*Overview of the Business*”, “*Our Business*”, “*Year Ended December 31, 2010 Compared with Year Ended December 31, 2009*”, “*Segment Analysis*”, “*Liquidity and Capital Resources*”, “*Selected Annual Information*”, “*Quarterly Information*” and “*Critical Accounting Estimates*” sections on pages 6 to 8, 16 to 36 and pages 36 to 72 of our 2010 MD&A.

Regulatory Matters

Different organizations regulate or monitor participants in the Canadian capital markets including issuers, brokerage firms, exchanges, ATSS, trading and quotation systems and IDBs.

Self-regulatory authorities, such as Investment Industry Regulatory Organization of Canada (“IIROC”), regulate the activities of brokerage firms and their capital requirements, as well as their business and trading conduct. Our equity exchanges, Toronto Stock Exchange and TSX Venture Exchange, also establish standards for their listed issuers to maintain quality marketplaces and investor confidence.

We are a reporting issuer in all provinces and territories of Canada. TSX Venture Exchange Inc., TSX Inc. and TMX Group are all regulated as exchanges in Canada. TSX Inc. is also regulated as an information processor by the AMF and operates as an information processor in accordance with a determination made by the CSA Chairs. NGX is regulated as an exchange and a clearing agency in Canada. In addition, NGX currently operates as an ECM pursuant to the U.S. *Commodity Exchange Act* (“CEA”) and is registered as a DCO with the U.S. Commodity Futures Trading Commission (the “CFTC”). MX is regulated as an exchange and a self-regulatory organization (“SRO”) in Canada and as an FBOT in the United States. In addition, and as outlined below, under “*Recognition and Regulation of Exchanges, Clearing Agencies and Information Processor – MX and CDCC*”, MX is subject to certain regulatory requirements imposed by other foreign regulators. CDCC is regulated as an SRO in Canada. CDCC is also subject to regulatory requirements of the SEC and various U.S. state securities regulators. BOX is regulated in the U.S. by the SEC. CanDeal.ca Inc. (“CanDeal”) is registered as an ATS. Shorcan is an OSC registrant under the category of “exempt market dealer” and has been approved by IIROC to act as an IDB.

Recognition and Regulation of Exchanges, Clearing Agencies and Information Processor

An exchange or clearing agency operating in Canada must be recognized in certain jurisdictions under applicable legislation. In some circumstances, an exchange or clearing agency may obtain an exemption from this requirement. The Quebec, Ontario, Alberta and British Columbia securities regulatory authorities have issued recognition orders and oversee our operations and those of Toronto Stock Exchange, TSX Venture Exchange, NGX, MX and CDCC to ensure we operate in the public interest. The OSC is the lead regulator for TMX Group and TSX Inc. (which operates Toronto Stock Exchange), the Alberta and British Columbia securities commissions are the joint lead regulator for TSX Venture Exchange Inc. (which operates TSX Venture Exchange), the ASC is the lead regulator for NGX and the AMF is the lead exchange regulator for MX and CDCC.

The lead regulator of an exchange or clearing agency focuses, among other things, on the listing or eligibility standards and trading or clearing activities (embodied in the rules of the exchange or the clearing agency), including its market quality rules, and, in the case of our equity exchanges, universal market integrity rules (“UMIR”) approved by all the recognizing regulators. Generally, the lead regulator must approve any new standards or rules or changes to existing rules. In some instances, new rules or changes to existing rules must be published for a 30-day public comment period as part of the rule approval process. With respect to MX and CDCC, under Quebec’s *Derivatives Act*, new rules pertaining to market activities or new products, or rule changes must be submitted to the AMF in accordance with the self-certification process. Significant rule changes must also be published for a 30-day public comment period before self-certification. The lead regulator also has the general power to make any decision in respect of an exchange or clearing agency that it deems necessary in the public interest, and can review any direction, decision, order or ruling of that exchange or clearing agency at the request of the regulator’s executive director, or equivalent position, or any person directly affected by the direction, decision, order or ruling.

TMX Group and Toronto Stock Exchange¹⁰

TSX Inc. (which operates Toronto Stock Exchange) and TMX Group, as the parent holding company of TSX Inc., are recognized and regulated by the OSC as carrying on business as an exchange, subject to certain terms and conditions. TSX Inc. has received an exemption from recognition from the regulators in British Columbia, Alberta and Quebec.

The terms and conditions of the OSC recognition order for TSX Inc. include the following:

- TSX Inc. must ensure that its governance structure provides for fair and meaningful representation on its board of directors and any governance committee of the board, including a requirement that at least 50 percent of its board of directors be independent. A director is independent if he or she is independent within the meaning of Section 1.4 of National Instrument 52-110 - *Audit Committees* (“NI 52-110”), and he or she meets the additional standards established by our board of directors. The additional standards establish examples of when an individual is considered to have a material relationship with TSX Inc. and is therefore considered not to be independent (e.g., an employee of a participating organization). Approximately 93 percent of the current members of the board of TSX Inc. are independent for these purposes. TSX Inc. is also required to take reasonable steps to ensure that each of its directors and officers is fit to serve in that role.
- TSX Inc. is required to meet specified financial viability tests to ensure that it maintains sufficient financial resources to properly perform its functions. Those financial ratios are:
 - a current ratio that must be greater than or equal to 1.1-to-1 based on current assets to current liabilities;
 - a debt to cash flow ratio that must be less than or equal to 4-to-1 based on total debt used to finance TSX Inc.’s operations to adjusted earnings before interest, taxes, depreciation and amortization for the most recent twelve months; and

¹⁰ Does not reflect any changes to the recognition order contemplated by the merger with LSEG.

- a financial leverage ratio that must be less than or equal to 4-to-1, based on adjusted total assets to adjusted shareholders' equity.

If any of these tests is not met for a period of more than three months, TSX Inc.'s Chief Executive Officer must immediately deliver a letter advising the OSC staff of the reasons for the continued deficiencies and the steps being taken to rectify the situation. In these circumstances, TSX Inc. will not, without the prior approval of the Director of the OSC, pay dividends (among other things) until the deficiencies have been eliminated for at least six months or a shorter period of time as agreed to by OSC staff.

- All fees imposed by TSX Inc. on participating organizations must be equitable and cannot have the effect of creating barriers to access.
- TSX Inc. must meet requirements for the capacity and integrity of the components of its trading system.
- Any material agreement or transaction entered into between TSX Inc. and TMX Group or a subsidiary or associate of TMX Group must be on terms that are at least as favourable to TSX Inc. as market terms and conditions.
- TSX Inc. is required to maintain board-approved policies and procedures to: evaluate and approve material outsourcing arrangements with parties except TMX Group or an affiliate or associate of TMX Group; assess the risk of any such arrangement; and in certain circumstances ensure that the outsourcing contract permits the OSC to have access to any data and information maintained by the service provider.
- TSX Inc. has special terms and conditions relating to the listing of TMX Group shares on Toronto Stock Exchange, which are described below on page 22 in the section entitled "*Listing of our Shares on Toronto Stock Exchange*".

TMX Group has similar requirements to TSX Inc. under the terms of its recognition order for governance structure, including the independence requirement (TMX Group's independent directors are the same as TSX Inc.'s independent directors) and fitness of officers and directors. TMX Group is also required to allocate sufficient financial and other resources to TSX Inc., so long as TSX Inc. carries on business as an exchange, to permit TSX Inc. to operate in accordance with the terms of its recognition order. In addition, TMX Group is required to do everything in its control to cause TSX Inc. to comply with the terms and conditions in its recognition order.

TSX Inc. as Information Processor

TSX Inc. also operates as an information processor for exchange-traded securities other than options. The information processor offers the following products: (i) the Consolidated Data Feed; (ii) the Canadian Best Bid and Offer (CBBO); (iii) the Consolidated Last Sale; and (iv) the Consolidated Depth of Book. TSX Inc. is recognized by the AMF to act as an information processor subject to certain terms and conditions, and the CSA Chairs have determined that it is not contrary to the public interest for TSX Inc. to act as the information processor for exchange-traded securities other than options, based on regulatory filings and undertakings provided by TSX Inc. to the CSA. TSX Inc.'s information processor mandate continues until June 30, 2014. TSX Inc. can determine in its discretion to re-apply to operate as an information processor for a subsequent period.

The terms and conditions of the AMF recognition order for TSX Inc. as information processor include the following:

- The governance structure for carrying on the TSX Inc. information processor business must ensure: (i) fair and significant representation of each data contributing marketplace on the governance committee created for the information processor business; and (ii) appropriate representation of data contributing marketplaces and those parties who access information processor services.
- TSX Inc. must not discriminate in favour of any particular marketplace when collecting, processing, disseminating or publishing the information.
- All fees charged must be transparent, fair and reasonable.
- The financial and other resources allocated to the information processor business must be sufficient for the proper performance of the information processor's functions and must ensure the information processor's financial viability.

The undertakings made by TSX Inc. to the CSA in connection with its role as the information processor for exchange-traded securities other than options include the following:

- TSX Inc. must establish policies and procedures to separate TSX Inc.'s marketplace business operations from the information processor operations, and manage inherent conflicts of interest.
- Data required to be provided to the information processor cannot be used for other products without the permission of the data contributors
- As of July 1, 2012, TSX Inc. will conduct a review of its pass-through fee model and provide the results of its review to the CSA.
- TSX Inc. will conduct an annual self-assessment of its compliance with provisions in National Instrument 21-101 – *Marketplace Operations*.

TSX Venture Exchange

The ASC and the BCSC jointly recognize and regulate TSX Venture Exchange Inc. (which operates TSX Venture Exchange) as an exchange, subject to certain terms and conditions. TSX Venture Exchange Inc. is exempt from recognition by the securities regulatory authorities in Ontario, Manitoba and Quebec.

The ASC and BCSC recognition orders for TSX Venture Exchange Inc. recognize it as an exchange and impose similar terms and conditions to those in the OSC recognition order for TSX Inc. regarding: governance structure, including the independence requirement (TSX Venture Exchange Inc.'s independent directors are the same as TSX Inc.'s independent directors), fitness of directors and officers, fees and equality of access to the trading facilities, trading system capacity and integrity, material related party agreements or transactions, and material outsourcing. In addition, at least 25 percent of the directors of TSX Venture Exchange Inc. must have expertise in or be associated with the Canadian public venture capital market. The current members of the board for this purpose are Messrs. Fox, Hagg, Jaako, Cedraschi, Martel, Turmel, Mulvihill and Kloet and Mss. Chicoyne, O'Neill and Sinclair, who together comprise

approximately 79 percent of the directors. TSX Venture Exchange Inc. cannot, without the prior approval of the ASC and BCSC, implement any significant changes to its governance structure and the practices of its board of directors.

The ASC and BCSC recognition orders also state that TSX Venture Exchange Inc. will not cease to operate or suspend, discontinue or wind-up all or a significant portion of its operations, or dispose of all or substantially all of its assets, without: (i) providing the ASC and the BCSC at least six months' prior written notice of its intention; and (ii) complying with any terms and conditions that they may impose in the public interest for the orderly discontinuance of its operations or the orderly disposition of its assets.

In addition, the ASC and BCSC recognition orders state that TSX Venture Exchange Inc. will not cease to be wholly-owned or directly controlled by TSX Inc. or TMX Group without TSX Venture Exchange Inc.: (i) providing the ASC and BCSC at least three month's prior notice of its intention; and (ii) complying with any terms the ASC or BCSC may impose in the public interest.

TSX Inc. and TMX Group have provided related undertakings (the "Undertakings Regarding TSX Venture Exchange"), including allocating sufficient financial and other resources to TSX Venture Exchange Inc. to permit it to operate in accordance with its recognition orders. They have also agreed not to cause or permit TSX Venture Exchange Inc. to cease to operate or suspend, discontinue or wind-up all or a significant portion of its operations, or dispose of all or substantially all of TSX Venture Exchange Inc.'s assets without: (i) providing the ASC and BCSC with at least six months' prior notice of their intention; and (ii) complying with any terms and conditions that the ASC or BCSC may impose in the public interest.

In addition, TMX Group and TSX Inc. have represented in the Undertakings Regarding TSX Venture Exchange that they will do everything in their control to cause TSX Venture Exchange Inc. to comply with the terms and conditions of its recognition orders. TMX Group has also created and agreed to maintain a public venture market committee of its Board of Directors.

Please refer to "*Description of Share Capital of TMX Group – Restrictions on Ownership of TSX Inc., TSX Venture Exchange Inc. and Montréal Exchange Inc.*" on page 25 for a description of the principal restrictions relating to share ownership of TSX Venture Exchange Inc. contained in the Undertakings Regarding TSX Venture Exchange.

MX and CDCC¹¹

The AMF recognizes and regulates MX as an exchange and an SRO for the purpose of carrying on business in Quebec, subject to certain terms and conditions. MX received an exemption from recognition as an exchange and registration as a commodities futures exchange from the OSC.

The AMF recognition order for MX imposes similar terms and conditions to those in the OSC recognition order for TSX Inc. regarding: the independence requirement of MX's governance structure (MX's independent directors are the same as TSX Inc.'s independent directors), fitness of directors and officers, fees and equality of access to the trading facilities, trading system capacity and integrity, material related party agreements or transactions, and material outsourcing of its business functions.

¹¹ Does not reflect any changes to the recognition order contemplated by the merger with LSEG.

The terms and conditions of the AMF recognition order for MX (and CDCC to the extent applicable) also include the following:

- In addition to the independence requirement, MX's governance structure shall provide:
 - that at least 25 percent of its directors are residents of Quebec at the time of their election or appointment;
 - fair and meaningful representation of directors with expertise in derivatives on the board of directors and the Special Committee – Regulatory Division (the "Special Committee"). The MX's Special Committee is responsible for the MX's regulatory division (the "Regulatory Division"). Members of the Special Committee are appointed by the MX Board of Directors, and a majority of the Special Committee members must be residents of Quebec and must satisfy the same independence requirements as those set out for MX directors.
- The Regulatory Division must have a separate administrative structure and must be completely autonomous in performing its functions and in its decision-making process. The Regulatory Division must be a separate business unit of MX and operate on a cost-recovery/not-for-profit basis. Any changes to the Regulatory Division's administrative and organizational structure or to the Special Committee that may materially affect regulatory duties and operations must be approved by the AMF. The AMF imposes periodic financial reporting, activity reporting and other reporting obligations regarding the Regulatory Division's regulatory functions.
- The head office and executive offices of MX and CDCC will remain in Montreal, Quebec, and the most senior executive officer of each of MX and CDCC will be a resident of Quebec at the time of his or her appointment and for the duration of his or her term of office and will work in Montreal, Quebec.
- MX will not cease to operate or suspend, discontinue or wind-up all or a significant portion of its operations, or dispose of all or substantially all of its assets, without:
 - (i) providing the AMF at least six months' prior written notice of its intention; and
 - (ii) complying with any terms and conditions that the AMF may impose in the public interest for the orderly discontinuance of its operations or the orderly disposition of its assets.
- MX shall maintain sufficient financial and other resources to ensure: (i) its financial viability and the proper performance of its functions; and (ii) the exercise of the self-regulatory functions of the Regulatory Division and must meet the following financial viability tests:
 - a working capital ratio of greater than 1.5:1;
 - a cash flow to/total debt outstanding ratio greater than twenty percent (20 percent); and
 - a financial leverage ratio of less than 4:1.

The above-mentioned ratios are calculated based on MX's consolidated financial statements and do not include certain items relating to CDCC's clearing operations.

Should MX fail to respect any of the above-mentioned financial ratios for a period of more than three months, it shall promptly inform the AMF in writing of the reasons for the continued ratio deficiencies and the steps being taken to rectify the problem and re-establish its financial equilibrium. In these circumstances, MX will not, without the prior approval of the AMF, pay dividends (among other things) until the ratio deficiencies have been eliminated for at least six months.

As a condition to obtaining the necessary approval for the combination with MX, on April 9, 2008, we provided the AMF with a written undertaking in support of the AMF recognition order for MX (the "TMX Group Undertaking") which provides for certain restrictions and undertakings. Please refer to "*Description of Share Capital of TMX Group – Restrictions on Ownership of Our Voting Shares*" and "*Restrictions on Ownership of TSX Inc., TSX Venture Exchange Inc. and Montréal Exchange Inc.*" on pages 24 and 25 of this AIF for a description of the principal restrictions relating to share ownership of TMX Group and MX contained in the TMX Group Undertaking.

In addition to restrictions relating to share ownership, we agreed in the TMX Group Undertaking that 25 percent of TMX Group directors will be residents of Quebec. We also agreed in the TMX Group Undertaking that TMX Group shall cause the existing derivatives trading and related products operations of MX (as these operations existed on May 1, 2008) to remain in Montreal.

MX is also subject to certain foreign regulatory requirements imposed by the regulators which have granted MX specific authorizations. In 2002, the CFTC granted no-action relief to MX, as an FBOT, permitting U.S. broker-dealers to have remote access to most of MX's futures products. According to the no-action relief, MX is required to report to the CFTC on a regular basis and disclose any material changes affecting its application. In the U.K., the FSA granted comfort to MX to allow remote access to its futures and options products to U.K. "authorized persons". MX is required to notify the FSA of material changes to its business that could affect its status in the U.K. In France, the *Autorité des marchés financiers* recognized MX as an exchange, thereby enabling it to give remote access to its futures and options markets to French broker-dealers. MX is required to notify France's *Autorité des marchés financiers* of any material changes affecting its recognition.

The CFTC has published for comments proposed rules (the "Proposed Rules") which consist of a proposed registration requirement for FBOTs. The Proposed Rules would establish a registration requirement to replace the current no-action relief framework for FBOTs wishing to provide direct access from the U.S. to the FBOT's electronic trading platform. If the Proposed Rules were to be implemented as published, it would impose additional regulatory compliance obligations upon MX.

The AMF recognizes and regulates CDCC as an SRO in Quebec (since 1987, when CDCC was known as Trans Canada Options Inc. and recognized by the Commission des valeurs mobilières du Québec, predecessor to the AMF). CDCC must provide the AMF, and the OSC through the AMF, with specified information on a regular basis in compliance with AMF requirements and pursuant to the terms and conditions of the OSC exemption order for MX, such as the rules that it files for review and approval with the AMF and financial information. CDCC is also subject to regulatory requirements of the U.S. SEC and various U.S. state regulators.

Recent amendments to the *Securities Act* (Ontario) prohibit clearing agencies from carrying on business in Ontario unless they are either recognized by the OSC as a clearing agency or exempted from this requirement. CDCC's operations are undergoing major changes and are likely to evolve significantly in the near future. Specifically, CDCC is expected to begin clearing fixed income repurchase agreements and cash buy and sell transactions during the fourth quarter of 2011. CDCC has also recently responded to an industry-issued request for information by indicating its intention to operate as a central counterparty for the Canadian market for OTC interest rate swaps and other derivatives. In addition, the Bank of Canada is undertaking a comprehensive assessment of CDCC's operations, systems, rules and risk management for the purposes of designating and overseeing of CDCC pursuant to the *Payment Clearing and Settlement Act* (Canada). As a result of these changes and developments, the OSC has provided CDCC with a temporary exemption from the requirement to be recognized as a clearing agency. The temporary exemption order will terminate on the earlier of (i) the date that the OSC renders a subsequent order recognizing CDCC as a clearing agency or exempting it from such requirement and (ii) March 1, 2012. The temporary exemption order should provide CDCC with the time needed to establish its new clearing functions (particularly in relation to fixed income securities) and should provide the OSC with the time needed to assess the impact of CDCC's new functions and to consider an appropriate regulatory framework for CDCC.

NGX

The ASC recognizes and regulates NGX as an exchange for the trading of natural gas, electricity and crude oil contracts, exempts NGX from the requirement to obtain acceptance from the ASC of the form of NGX's current contracts as exchange contracts and exempts NGX from registration requirements for the contracting parties who enter into NGX's standard form exchange agreement with NGX. The ASC also recognizes NGX as a clearing agency for clearing and settlement of natural gas, electricity and crude oil contracts, certain of which constitute exchange contracts, futures contracts or options. The terms and conditions of the ASC recognition orders require NGX to comply with certain exchange and clearing principles, reporting requirements, notification and other obligations.

NGX currently operates as an ECM pursuant to the CEA, and is registered as a DCO with the CFTC. NGX provided notice to the CFTC on November 5, 2002 of its operation as an ECM and has requested an extension to operate as an ECM for a period of one year following the effective date of the Dodd-Frank Act. NGX currently intends to replace the ECM status with an alternative status under the Dodd-Frank Act. As an ECM, NGX must comply with certain legislative requirements for transactions in exempt commodities that are traded on a principal-to-principal basis by eligible commercial entities. The terms and conditions of the U.S. DCO order include the requirement for NGX to operate its clearing system in accordance with certain clearing principles as well as reporting and other obligations. NGX currently anticipates DCO regulation expanding under the Dodd-Frank Act.

BOX

BOX is regulated by the SEC. BOX's options trades are cleared through The Options Clearing Corporation. BOX is also a party to a regulatory services agreement (the "RSA Agreement") with NASDAQ OMX Group, Inc., NASDAQ OMX BX, Inc. ("BX"), formerly BSE, and Boston Options Exchange Regulation LLC ("BOXR"), a wholly-owned subsidiary of BX. Under this agreement, BX has delegated to BOXR certain of its day-to-day responsibilities for the surveillance operations of the BOX marketplace and also administers the regulatory aspects of BOX's relationship with BOX Participants and has also delegated other market regulation

services under a regulation services agreement to the Financial Industry Regulatory Authority, Inc., an SRO. The RSA Agreement will terminate on the earlier of May 31, 2012, or automatically on the 90th calendar day following the date BOX is approved as an SRO by the SEC or has obtained another regulatory service provider.

Regulation of Brokerage Firms — Operations and Business Conduct Generally

All brokerage firms trading through Toronto Stock Exchange, TSX Venture Exchange or MX must be members of a recognized SRO which regulates its members. These organizations regulate the broker-client relationships, business conduct, and capital adequacy of their members. This regulation seeks to maintain the credibility of marketplaces, protect investors' interests and instill investor confidence by addressing general issues of trading ethics and investor protection in the markets. Participating organizations and member firms (collectively, "POs") trading on Toronto Stock Exchange and TSX Venture Exchange, and Canadian approved participants trading on MX are regulated by IIROC. Foreign approved participants trading through MX must be regulated by a recognized SRO or regulator in their jurisdiction. The exchanges, however, also have criteria for access to their markets.

Regulation of Market Participants — Market Trading Conduct

In Canada, an exchange can regulate its markets and its participants and enforce its requirements either directly, or through a regulation services provider. IIROC is the SRO that provides regulation services to both Toronto Stock Exchange and TSX Venture Exchange, monitoring and enforcing compliance with UMIR.

The regulatory functions of MX are conducted by the Regulatory Division of MX. As a recognized exchange and SRO, MX, through its Regulatory Division, is responsible for regulating its markets and its participants on a day-to-day basis. The Regulatory Division achieves this by adopting and enforcing rules and policies governing MX's markets and the conduct of approved participants.

MX's Regulatory Division is independent from its other operations and is under the sole internal oversight of MX's Special Committee – Regulatory Division, which is fully independent from MX and its management. The objective of creating the Regulatory Division was to ensure neutrality and impartiality when the Regulatory Division applies the rules that govern MX's markets and the relationships between MX and its market participants. More information on the Special Committee and the Regulatory Division can be found in the "*Our Business - MX and BOX – Derivatives Trading and Clearing – Derivatives – Regulatory Division*" section on page 27 of our 2010 MD&A.

Issuers of Securities

In Canada, there is one securities regulatory body in each province or territory. These provincial and territorial securities regulatory authorities regulate the offering of securities by issuers and their reporting and continuous disclosure requirements and, in certain cases, the conduct of various market participants including exchanges and intermediaries.

The ASC and BCSC have required TSX Venture Exchange to review and approve certain prospectuses filed by issuers listed on TSX Venture Exchange.

Each of our equity exchanges establishes standards for listed issuers, and enforces compliance with those standards through the exchange's powers to halt trading in a security or to suspend or delist the listing of a security.

Listing of our Shares on Toronto Stock Exchange¹²

Toronto Stock Exchange and staff of the OSC approved the listing and posting for trading of our common shares on Toronto Stock Exchange under the symbol "X" on November 12, 2002. The OSC established procedures which require Toronto Stock Exchange to promptly report to the OSC any conflicts or potential conflicts of interest that arise or may arise with respect to our continued listing or the initial listing or continued listing of a competitor of TMX Group or its affiliates. Under these procedures, we established a conflicts committee, with at least two members who are independent of TSX Inc., and all conflict determinations and resolutions must be approved by staff of the OSC.

In addition, under Ontario securities legislation, the OSC has overriding powers to make decisions about Toronto Stock Exchange if it appears to be in the public interest. Toronto Stock Exchange's reporting requirements and the OSC's monitoring function for the listing of our common shares are set out in TSX Inc.'s recognition order.

Social Policies

Our charitable contributions support our customers, employees and communities through a targeted program which ties into our brand and enhances our reputation as a corporate citizen. In this we foster initiatives which address family and community issues, health and research, the arts, educational endeavours improving literacy, and post-secondary investor education programs which are closely aligned with the capital markets industry. We also have a corporate matching program which supports organizations important to individual employees by matching a portion of their personal gifts.

Our major contributions in 2010 included support for the United Way, the Paralympic Curling team, Frontier College, The Canadian Red Cross Society and Fondation Marie-Vincent, in addition to a number of not-for-profit organizations in communities across Canada.

Shorcan, through its annual charity day, supported All-A-Board Youth Ventures, Toronto Youth Development, Canadian Spinal Research Organization, Kids Health Foundation, Pelletier Homes for Youth as well as a number of other not-for-profit entities.

We made major donations in support of investor education programs in 2010 to the Capital Markets Institute and the University of British Columbia.

Risk Factors

A discussion of risk factors related to TMX Group and its businesses appears under the heading "*Risks and Uncertainties*" on pages 87 to 101 of our 2010 MD&A.

¹² Does not reflect any changes to the TSX Inc. recognition order contemplated by the merger with LSEG.

DESCRIPTION OF SHARE CAPITAL OF TMX GROUP

On November 12, 2002, immediately before we closed our initial public offering, TSX Inc. and its affiliates completed a corporate reorganization under a court approved plan of arrangement. As part of the reorganization, we acquired all of the outstanding shares of TSX Inc. and became the holding company for the TMX group of companies and operating divisions. We also issued shares to the former shareholders of TSX Inc. in exchange for their shares of TSX Inc.

On May 1, 2008, we completed our business combination with MX to create TMX Group. The business combination was completed by TMX Group indirectly acquiring all of MX's outstanding common shares in exchange for cash and TMX Group common shares. We issued 15,316,608 of our common shares in connection with the combination. For more information on the combination with MX, please refer to the section "*Three Year History – Initiatives, Alliances and Acquisitions - 2008*" on page 5 of this AIF.

On May 1, 2009 we completed the acquisition of NTP and issued 878,059 of our common shares to satisfy a portion of the purchase price payable for NTP to Enbridge and Circuit Technology. For more information on this acquisition, please refer to the section "*Three Year History – Initiatives, Alliances and Acquisitions - 2009*" on page 7 of this AIF.

Our authorized capital consists of an unlimited number of common shares and an unlimited number of preference shares, issuable in series. Currently, only common shares of TMX Group are issued and outstanding. No preference shares have been issued.

Common Shares

Each of our common shares is entitled to one vote at all meetings of our shareholders, except for meetings where only holders of another class or series of our shares are entitled to vote separately as a class or series. Each common share is also entitled to receive dividends if, as and when declared by the Board of Directors. If the Board of Directors declares and pays dividends, it must do so in equal amounts per share on all common shares (and subject to certain priority rights of the preference shares, if any). Common shareholders are entitled to participate in any distribution of our net assets if we liquidate, dissolve or wind-up (but subject to certain priority rights of preference shareholders, if any). The common shares do not have any pre-emptive, redemption, purchase or conversion rights except for the compulsory provisions described below related to enforcing the restrictions on ownership of our voting shares.

Preference Shares

The Board of Directors may issue preference shares at any time and in one or more series. If the Board of Directors issues preference shares, it will, before they are issued, fix the number, consideration per share, designation of, and rights and restrictions for the preference shares of each series (subject to the special rights and restrictions attached to all preference shares). Each series of preference shares will rank equally with all other series of preference shares for the payment of dividends and return of capital if we liquidate, dissolve or wind-up. The preference shares have a priority right to receive dividends and any return of capital before the common shares and any other junior shares. We cannot amend the preference shares' special rights and restrictions as a class without obtaining any approval required by law, and the approval of at least two-thirds of the votes cast at a meeting of preference shareholders called and held for that purpose. To date, we have not issued any preference shares.

Restrictions on Ownership of Our Voting Shares¹³

Section 21.11 of the *Securities Act* (Ontario), as amended by regulation and an order of the OSC under section 21.11(4) of the *Securities Act* (Ontario) states that no person or company (or combination of persons or companies acting jointly or in concert) may beneficially own or exercise control or direction over more than ten percent of any class or series of our voting shares without the prior approval of the OSC (together with the share ownership restrictions outlined below are collectively referred to as the “Share Ownership Restrictions”).

As a condition to obtaining the necessary approval for the combination with MX, on April 9, 2008, we provided the AMF with the TMX Group Undertaking in which we agreed that we are subject to the restriction that no person or combination of persons acting jointly or in concert may beneficially own or exercise control or direction over more than ten percent of any class or series of our voting shares, without the prior approval of the AMF. The TMX Group Undertaking took effect on May 1, 2008, the effective date of the combination.

The OSC and the AMF can change the Share Ownership Restrictions (including the ownership percentage threshold) in the future.

Share Ownership Restrictions in Our Articles

Our articles contain restrictions on voting share ownership (the “TMX Group Share Restrictions”) which are substantively identical to the Share Ownership Restrictions. Our common shares are currently our only outstanding voting shares. The articles provide that these restrictions will automatically change or be removed if the Share Ownership Restrictions are changed or removed.

Our articles contain provisions to enforce the TMX Group Share Restrictions, including our ability to suspend voting rights, forfeit dividends or any other distribution, prohibit share transfers, require a sale of shares or redeem and suspend other shareholder rights. The Board of Directors may at any time require holders of, or subscribers for, voting shares and certain other persons to make declarations and provide related information with respect to ownership, direction, or control of voting shares and certain other matters relevant to this restriction. The Board of Directors may also require holders or subscribers to produce documents, provide responses to written questions, and attend in person to answer questions concerning any declaration. We are prohibited from accepting any subscription or issuing or registering a transfer of voting shares if it would result in a violation of the TMX Group Share Restrictions.

Strategic Investor Policy

We have established a policy that sets out criteria that we will follow to determine whether we will support a potential investor’s application for approval from the OSC and the AMF to own more than ten percent of our voting shares. Under this policy, we will take into consideration all factors that we consider relevant including: the potential investor’s ability to promote our growth and development; any synergies we identify as likely to result from the investment; any intention to maintain a balance of competing interests of our shareholders; involvement of the potential investor in our business; the potential investor’s knowledge or expertise in capital markets or in areas otherwise relevant to our operations; and our interest in ensuring the continued integrity of the Canadian capital market. The OSC and the AMF will have the ultimate discretion to approve

¹³ Does not reflect any changes to the recognition order contemplated by the merger with LSEG.

such an application regardless of whether or not we support it. Our proposed merger with LSEG, as outlined above under the heading “2011 – Merger with London Stock Exchange Group plc” is consistent with the criteria set out in this policy.

Restrictions On Ownership of TSX Inc., TSX Venture Exchange Inc. and Montréal Exchange Inc.

TSX Inc.

Section 21.11 of the *Securities Act* (Ontario), as amended by regulation, states that no person or company (or combination of persons or companies acting jointly or in concert) may beneficially own or exercise control or direction over more than ten percent of any class or series of TSX Inc.’s voting shares without the prior approval of the OSC. Therefore, the corporate reorganization effected before we closed our initial public offering on November 12, 2002 which resulted in TSX Group Inc. (as it was then called) acquiring all the outstanding shares of TSX Inc. required the prior approval of the OSC. The OSC granted an order under section 21.11(4) of the *Securities Act* (Ontario) approving our acquisition of all the outstanding voting shares of TSX Inc. on the condition that we continue to own, directly or indirectly, all of the issued and outstanding voting shares of TSX Inc. Any change to the ownership of TSX Inc. not contemplated in this order requires the prior approval of the OSC.

TSX Venture Exchange Inc.

As outlined above under the section “*Recognition and Regulation of Exchanges, Clearing Agencies and Information Processor*”, the ASC and BCSC recognitions orders for TSX Venture Exchange Inc. impose conditions related to changes in ownership. TSX Inc. and TMX Group also agreed in the TSX Venture Undertakings not to complete or authorize a transaction that would result in TSX Venture Exchange Inc. ceasing to be a wholly-owned or directly controlled by TSX Inc. without: (i) providing the ASC and BCSC at least three months’ prior notice of their intention; and (ii) complying with any terms and conditions that the ASC or BCSC may impose in the public interest.

Montréal Exchange Inc.

As outlined above under the section “*Recognition and Regulation of Exchanges, Clearing Agencies and Information Processor*”, the AMF recognition order for MX states that no person or company and no combination of persons or companies acting jointly or in concert shall own or exercise control or direction over more than ten percent of any class or series of voting shares of MX without the prior approval of the AMF, except for TMX Group or an affiliate of TMX Group.

TMX Group has also agreed, in the TMX Group Undertaking, that we will not complete or authorize a transaction that would result in any person or company, or any combination of persons or companies acting jointly or in concert, owning or exercising control or direction over more than ten percent of any class or series of voting shares of MX, without obtaining the prior authorization of the AMF, except for TMX Group or an affiliate of TMX Group. Furthermore, TMX Group undertook to continue to exercise control or direction over more than 50 percent of all classes or series of voting shares of MX. We also undertook not to complete or authorize a transaction that would result in more than 50 percent of any class or series of voting shares of MX ceasing to be controlled by TMX Group, directly or indirectly, without obtaining the prior authorization of the AMF.

Ratings

A discussion of CDCC's rating can be found in the "*Our Business – MX and BOX - Derivatives Trading and Clearing – Derivatives Clearing*" on pages 26 and 27 of our 2010 MD&A.

DIVIDENDS

We paid a dividend of \$0.40 on each outstanding common share on March 11, 2011 to shareholders of record at the close of business on February 25, 2011.

In 2010, we paid dividends totally \$1.54 and in each of 2009 and 2008, we paid dividends totalling \$1.52 on each outstanding common share.

As a holding company, our ability to pay dividends on our shares depends in large part upon our subsidiaries paying dividends and other amounts to us. Our subsidiaries must comply with corporate and securities laws and with their agreements before they can pay dividends to us. We are not aware of any restriction that could prevent us from paying dividends, except as imposed by the OSC on TSX Inc. and the AMF on MX if certain financial viability ratios are not met, and as imposed by the debt covenants in our credit facility. These regulatory restrictions are outlined above under the heading "*Recognition and Regulation of Exchanges, Clearing Agencies and Information Processor*" and our debt covenants are outlined under the "*Liquidity and Capital Resources - Credit Facilities and Guarantee*" on page 48 of our 2010 MD&A.

The Board of Directors has adopted a dividend policy that is based on the following factors:

- a long-term intention to provide shareholders with regular and growing dividends, within the constraints arising from changes in our prevailing and projected earnings;
- prevailing market dividend yields, including those of comparable publicly traded stock exchanges and other Canadian financial institutions;
- the need to retain capital to support our stability and growth; and
- compliance with applicable law, regulation and orders.

This dividend policy is reviewed periodically by the Board of Directors. The Board of Directors has the sole discretion to declare and to adjust or eliminate dividends based on the above factors or other considerations.

Please refer to "Merger with London Stock Exchange Group plc" on page 9 for information on TMX Group's intended dividend policy until the completion of the proposed merger with LSEG and following completion, the Merged Group's intended dividend policy.

MARKET FOR SECURITIES

Our common shares are listed on Toronto Stock Exchange under the symbol “X.” The following table sets out the high and low sale prices per common share and the volume of common shares traded for the periods indicated, as reported on Toronto Stock Exchange.

2010	High (\$)	Low (\$)	Volume
January	33.49	30.06	3,410,331
February	30.57	27.79	7,391,686
March	30.51	28.32	7,892,571
April	30.08	28.57	7,643,157
May	29.55	26.78	8,348,952
June	28.89	27.07	3,621,384
July	29.59	27.30	4,910,410
August	29.40	27.75	5,263,962
September	31.91	28.60	7,905,985
October	34.65	31.02	4,390,433
November	35.85	30.96	8,111,368
December	37.49	34.53	4,747,771

DIRECTORS AND OFFICERS

Directors

Directors are elected annually and will hold office until our next annual meeting of shareholders or until the director resigns, becomes ineligible, unable to serve or until his or her successor is elected or appointed. The table below sets out, for each director, his or her place of residence, date first elected as a director, other principal directorships and principal occupations for the previous five years.

Wayne C. Fox Chair of TMX Group Oakville, Ontario Canada Director since April 29, 1997	Mr. Fox is the Chair of TMX Group and a Corporate Director. Until September 2005, he was Vice-Chair and Chief Risk Officer, Treasury, Balance Sheet and Risk Management, Canadian Imperial Bank of Commerce (chartered bank). In the previous five years, Mr. Fox held several increasingly senior positions in CIBC and in several CIBC affiliates. In addition, he was a member of the Steering Committee on Regulatory Capital, Institute of International Finance Inc. and on the Board of Governors of McMaster University and Junior Achievement of Central Ontario. In 2006, Mr. Fox became an accredited director through the Directors College program at McMaster University. Mr. Fox is Governor Emeritus of Appleby College and is a member of the Accounting Standards Oversight Council.
---	--

<p>Tullio Cedraschi Montréal, Québec Canada</p> <p>Director since September 25, 2001</p>	<p>Mr. Cedraschi is a Corporate Director. He was President and Chief Executive Officer of CN Investment Division (investment operations) until his retirement on January 31, 2008, a position he held for more than five years. From 2002 to 2004 she was the General Manager of MSN.ca. From 2001 to 2002, Ms. Sinclair was President of B.C. Premier's Technology Council. Ms. Sinclair also serves on the boards of The Social Sciences and Humanities Research Council of Canada and the Digibe Industry Association.</p>
<p>Jean Turmel Montréal, Québec Canada</p> <p>Director since May 1, 2008</p>	<p>Mr. Turmel is the President of Perseus Capital Inc. (money manager) a position he has held since January 2005. Mr. Turmel was Chairman of the board of MX until May 1, 2008. Mr. Turmel served as President, Financial Markets, Treasury and Investment, at the National Bank of Canada from September 1998 to December 2004. He presided over the task force created by the Quebec Government in 1999 to examine the scope and implications of restructuring Canadian exchanges. Mr. Turmel has worked in the capital markets since 1967, having held positions at Merrill Lynch, Royal Securities and Dominion Securities. He also held executive positions with McMillan Bloedel, prior to joining the National Bank of Canada in 1981. Mr. Turmel also serves on the boards of Alimentation Couche-Tard Inc., Canam Group Inc. and Ontario Teachers' Pension Plan.</p>
<p>Laurent Verreault Verdun, Québec Canada</p> <p>Director since May 1, 2008</p>	<p>Mr. Verreault is Chairman of the board of directors and Chief Executive Officer of GLV Inc. (product engineering and sales) a position he has held since August 2007. In August 2007 Groupe Laperrière & Verreault Inc. ("GL&V"), which Mr. Verreault founded with other partners in 1975, transferred its Water Treatment Group, its Pulp and Paper Group and its manufacturing unit to GLV Inc. Mr. Verreault had held this same position with GL&V since 2005 and prior to that date had also acted, in addition to his other functions, as President of GL&V since 1986, the year of GL&V's initial public offering. Mr. Verreault also serves on the board of Cascades Inc.</p>

Board Charter

In early 2004, the Board of Directors adopted a formal charter which was amended in November 2008 and February 2010. The charter recognizes the primary responsibility of the Board of Directors to provide governance and stewardship and sets out the Board of Directors' responsibilities for:

- appointing and supervising officers comprising the executive officers (including setting roles and responsibilities for the Chair of the Board of Directors and the Chief Executive Officer);
- strategic planning;
- risk management;
- financial reporting and management;
- shareholder communication;
- corporate governance; and
- adopting and monitoring compliance with a Board Code of Conduct and an Employee Code of Conduct.

The complete text of the charter of the Board of Directors and other related information is available on our website at www.tmx.com.

Committees of the Board of Directors

The Board of Directors currently has four standing committees: a governance committee, a finance and audit committee, a public venture market committee and a human resources committee. Each of the committees has a charter which contains detailed information about the committee. Each of the standing committees' charters is posted on our website at www.tmx.com. A summary of each committee's responsibilities and the members of each such committee are set out below.

Governance Committee

The governance committee is responsible for providing the Board of Directors with recommendations relating to corporate governance in general, including, without limitation, all matters relating to the stewardship role of the Board of Directors in respect of the management, the size, composition, including the candidate selection process and the orientation of new members, and compensation of the Board of Directors and such procedures as may be necessary to allow the Board to function independently of management and non-independent directors.

The governance committee also reviews, approves and reports to the Board of Directors on codes and policies associated with an efficient system of corporate governance and oversee compliance therewith. Such policies include our Board Code of Conduct, our Employee Trading Policy, our Director Qualification Policy, our Internal Process for Handling Shareholder Communications to Directors, and our Timely Disclosure, Confidentiality and Insider Trading Policy ("Insider Trading Policy").

The Insider Trading Policy applies to all Directors and employees. Under that Insider Trading Policy, we have established a Disclosure Committee that is responsible for updating the policy regularly; monitoring the effectiveness of and compliance with the Insider Trading Policy; educating our Directors, officers and employees about the policy; reviewing and authorizing written, electronic and oral disclosure by us; and monitoring our website.

Committee Members

John P. Mulvihill (Chair), Tullio Cedraschi, Wayne C. Fox, J. Spencer Lanthier, Kathleen M. O'Neill and Jean Turmel.

Finance and Audit Committee

The finance and audit committee assists the Board of Directors in fulfilling its responsibilities to oversee and supervise financial, audit and accounting matters. The committee has oversight and supervisory responsibilities for the integrity of our audited and unaudited financial statements, including through discussions with our external auditors, as well as for the adequacy and effectiveness of our internal controls and financial reporting and disclosure. The committee also oversees and reviews our external audit process and our internal audit process and assurance, and is responsible for reviewing and assessing the adequacy of our risk management policies and procedures. The committee is also responsible for reviewing our business plans (including our operating and capital budgets), our investment opportunities and our financing plans and reviews and assesses management's reports on pension plan oversight.

For fiscal years beginning on or after January 1, 2011, we will be required to prepare our financial statements in accordance with International Financial Reporting Standards ("IFRS"). The committee has received quarterly updates of management's progress against its IFRS conversion plan. In addition, the committee reviewed management's accounting policy decisions related to the conversion to IFRS.

As required under NI 52-110, the committee:

- is directly responsible for overseeing the work of the external auditor in connection with the audit of the annual financial statements and the review of the interim financial statements and any other audit, review or attest functions the external auditor performs for TMX Group, including the resolution of disagreements between management and the external auditor regarding financial reporting;
- must pre-approve all non-audit services to be provided to TMX Group or its subsidiaries by the external auditor;
- must review TMX Group's financial statements and related management's discussion and analysis, and annual and interim earnings press releases before they are publicly disclosed;
- must be satisfied that adequate procedures are in place and must periodically assess the adequacy of those procedures for the review of TMX Group's public disclosure of financial information extracted or derived from our financial statements, other than the public disclosures referred to above;

- must establish procedures for (i) the receipt, retention and treatment of complaints received by TMX Group regarding accounting, internal accounting controls or auditing matters, and (ii) the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters, and for the protection from retaliation of those who report such complaints in good faith; and
- review and approve the hiring policies regarding partners, employees and former partners and employees of the present and former external auditor.

Committee Members

J. Spencer Lanthier (Chair), Raymond Chan, Denyse Chicoyne, Harry A. Jaako, and Kathleen M. O'Neill.

Charter

The full text of the finance and audit committee's charter is included as Appendix A to this AIF.

Composition of the Committee and Relevant Education and Experience of its Members

The following are the members of the finance and audit committee, each of whom is a Director and is independent under Sections 1.4 and 1.5 of NI 52-110. The members of the audit committee are each financially literate under Section 1.6 of NI 52-110 and bring significant skill and experience to their responsibilities including professional experience in accounting, business and finance. The specific education and experience of each member that is relevant to the performance of his or her responsibilities as a member of the committee is set out below:

J. Spencer Lanthier (Chair)	Mr. Lanthier is a chartered accountant and served as a partner of KPMG Canada LLP from 1972 until his retirement in 1999 and from 1993 until 1999 he was Chairman and Chief Executive of KPMG Canada.
Raymond T. Chan	Mr. Chan is a chartered accountant and is the Executive Chairman (since January 1, 2009) of Baytex Energy Corp. From September 2003 to December 2008, Mr. Chan was the Chief Executive Officer of Baytex. Over the past 29 years, he has, among other senior executive positions, served as a Chief Financial Officer or Chief Executive Officer of various public oil and gas companies.
Denyse Chicoyne	Ms. Chicoyne has worked in the securities industry as a top ranked analyst for brokerage firms such as BMO Nesbitt Burns, Nesbitt Thomson, and McNeil Mantha and was also a senior analyst and portfolio manager for the Caisse de dépôt et placement du Québec. Ms. Chicoyne holds an MBA in Finance and International Business from McGill University (1981) and has been a designated Chartered Financial Analyst (CFA) since 1986. Ms. Chicoyne is a member of the Montreal Society of Financial Analysts as well as of the CFA Institute.

Harry A. Jaako	<p>Mr. Jaako is the Executive Officer and a Director and Principal of Discovery Capital Management Corp. (“DCMC”) (a venture capital firm) and is also President and a Director of British Columbia Discovery Fund (VCC) Inc., a British Columbia venture capital fund managed by DCMC. As a venture capital professional, Mr. Jaako has directed investments in over 30 companies during the past 14 years, and has been responsible for monitoring the financial reporting of many of these investments. He has also, over the past 21 years, served as a senior executive and/or director of numerous reporting and non-reporting issuers and been involved with all aspects of their financial reporting in such executive or board capacities. Throughout his career, Mr. Jaako has also served in an advisory capacity to securities regulators and SROs in matters related to corporate finance.</p>
Kathleen M. O’Neill	<p>Ms. O’Neill is a chartered accountant and a fellow of the Institute of Chartered Accountants of Ontario. She has also been accredited through the Institute of Corporate Directors/Rotman School of Management Directors Education Program. Prior to January 2005, she was an Executive Vice President of BMO Bank of Montreal. Prior to joining BMO Bank of Montreal in 1994, Ms. O’Neill was with PricewaterhouseCoopers for 19 years including eight years as a tax partner.</p>

Pre-Approval Policies and Procedures

As set out in the committee’s charter, the committee is responsible for pre-approving any non-audit services to be provided to TMX Group or its subsidiaries by its external auditor, with reference to compatibility of the service with the external auditor’s independence.

External Auditor Service Fees (by category)

The aggregate fees billed by KPMG LLP, TMX Group's auditor, related to the years ended December 31, 2010 and 2009 for professional services are set out below:

Services Rendered	Fees billed by KPMG	
	Fiscal 2010	Fiscal 2009
Audit Fees ⁽¹⁾	\$1,193,500	\$982,500
Audit Related Fees ⁽²⁾	\$337,000	\$189,000
Tax Fees ⁽³⁾	\$7,500	\$-
Other Fees ⁽⁴⁾	\$100,000	\$-

- (1) For the audit of our financial statements, including the review of our quarterly financial statements, for services relating to the IFRS opening balance sheet, and for services normally provided by the auditor in connection with statutory and regulatory filings. The 2009 audit fees include fees for audit services related to our acquisition of NTP.
- (2) For assurance and related services that are reasonably related to the performance of the audit or review of our financial statements and are not reported in (1), including the audit of the pension plan for our employees, French translation services, a Section 5970 report on internal control procedures at a service organization and other services provided in connection with information technology controls.
- (3) Fees for tax advisory services provided to MX.
- (4) Fees for services provided to NGX relating to its margining system.

Public Venture Market Committee

The public venture market committee advises and makes recommendations to the Board of Directors on all policy issues and matters that are likely to have a significant impact on the public venture capital market in Canada and our role in relation to those matters.

Committee Members

Harry A. Jaako (Chair), John A. Hagg, Jean Martel and Gerri B. Sinclair.

Human Resources Committee

The human resources committee ensures that we have high calibre executive management in place and a total compensation plan that is aligned with our performance, as well as being competitive, motivating and rewarding for participants. The human resources committee reviews and makes recommendations to the Board of Directors for the appointment of our executive officers, including the Chief Executive Officer, makes recommendations to the Board of Directors for the compensation of the Chief Executive Officer and approves the compensation of our executive officers, and makes recommendations to the Board of Directors regarding the establishment of, and any material changes to, executive compensation programs (including the general compensation philosophy and guidelines, incentive plan design and other remuneration and any adjustments to that compensation (salary, incentives, benefits or other perquisites)), including that of the Chief Executive Officer. The committee reviews annually the Chief Executive Officer's performance targets and corporate goals and objectives; reviews and approves the Chief Executive Officer's performance evaluation against these targets, goals and objectives; and reviews and recommends to the Board of Directors the Chief Executive Officer's compensation. The committee approves and reports to the Board of Directors on management succession plans, including Chief Executive Officer succession plans. On an annual basis, the

committee reviews the Employee Code of Conduct and recommends to the Board for approval any amendments to the Code of Conduct. It is also responsible for overseeing our employee benefits plans, including the design and administrative management of our pension plans.

Committee Members

Tullio Cedraschi (Chair), Raymond Chan, Wayne C. Fox, John A. Hagg, Gerri B. Sinclair and Laurent Verreault.

Executive Officers

As at the date of this AIF, the following are the executive officers of TMX Group, their titles, their principal occupation during the five preceding years and their municipalities of residence.

Name and Municipality of Residence	Position	Principal Occupation During the Five Preceding Years
Wayne C. Fox Oakville, Ontario Canada	Chair of the Board, TMX Group	Mr. Fox is a Corporate Director. Since May 29, 2001, Mr. Fox has been the Chair of the Board of TMX Group or its predecessor. From September 2001 to September 1, 2005, he was the Vice-Chairman and Chief Risk Officer, Treasury, Balance Sheet and Risk Management, Canadian Imperial Bank of Commerce ("CIBC"). Prior to September 2001, he held several increasingly senior positions in CIBC and in several CIBC affiliates.
Thomas A. Kloet Toronto, Ontario Canada	Chief Executive Officer, TMX Group	Mr. Kloet became Chief Executive Officer on July 14, 2008. Prior to joining TMX Group, he was, from 2003, Senior Executive Vice-President and Chief Operating Officer of the American Zone for Fimat and its successor company, Newedge Group. Previously, from 2000 to 2002, he served as the first Chief Executive Officer and Executive Director of the Singapore Exchange Limited.
Kevan Cowan Toronto, Ontario Canada	President, TSX Markets and Group Head of Equities, TMX Group	Mr. Cowan became President, TSX Markets and Group Head of Equities on September 8, 2008. Prior to that date, Mr. Cowan was Senior Vice President, Listings, TSX Inc. from April 30, 2007 to September 8, 2008 and was President, TSX Venture Exchange Inc. from April 30, 2007 to July 30, 2009. He was Vice President, Listings, TMX Group from April 2004 to April 2007. Mr. Cowan was appointed Senior Vice President, TSX Venture Exchange in August 2001.

Name and Municipality of Residence	Position	Principal Occupation During the Five Preceding Years
Brenda Hoffman Toronto, Ontario Canada	Senior Vice President, Group Head of Information Technology, TMX Group	Ms. Hoffman became Senior Vice President, Group Head of Information Technology, TMX Group on April 29, 2009. Prior to that Ms. Hoffman was the Chief Information Officer and Senior Vice President, TMX Group since April 30, 2007. Ms. Hoffman was Vice President Information & Trading Technologies, Development, TSX Technologies from January 2001 to April 2007. Prior to joining TMX Group, she was Director of the Worldwide Competency Centre for Exchanges, e-Markets and e-Brokerage Solutions at ISM, a division of IBM Global Services.
Mary Lou Hukezalie Toronto, Ontario Canada	Vice President, Group Head of Human Resources, TMX Group	On January 11, 2010, Ms Hukezalie became Vice President, Group Head of Human Resources, TMX Group. Prior to joining TMX Group, Ms. Hukezalie held the position of Vice President, Talent Strategies and Executive Resources at CIBC from August 2005 to December 2009. Before that time, she was an executive at the Bank of Montreal in Human Resources from 1998 until 2004.
Peter Krenkel Calgary, Alberta Canada	President and Chief Executive Officer, Natural Gas Exchange Inc., and President, NGX, Group Head of Energy, TMX Group	Mr. Krenkel became President and Chief Executive Officer, NGX, Group Head of Energy on April 28, 2010 and President of NGX upon its inception in 1994, a position he continues to hold, including an eight-month period in 2001 and 2002 when he was also the Head of the UK Power Exchange in London, a then-affiliated company. Prior to that he was Senior Vice President, Group Head of Energy from April 29, 2009. Prior to that he was Senior Vice President, Energy, TMX Group from April 27, 2004. From 1998 through 2000, Mr. Krenkel was also the acting President of NRG Information Systems. Prior to joining NGX, from 1989 to 1993, he was President of Canadian Hydrocarbons Marketing Inc., and the Vice-President of Operations at ICG Resources Ltd. from 1984 to 1989.

Name and Municipality of Residence	Position	Principal Occupation During the Five Preceding Years
Alain Miquelon Montréal, Québec Canada	President and Chief Executive Officer, Montréal Exchange Inc., Group Head of Derivatives, TMX Group	Mr. Miquelon became President and Chief Executive Officer, Montréal Exchange and Group Head of Derivatives on April 28, 2010. Prior to that he was President and Chief Executive Officer of Montréal Exchange and Senior Vice President, Group Head of Derivatives since July 1, 2009. From February 1, 2009 to June 30, 2009, he was Executive Vice President, Chief Operating Officer and Head of Strategic Development, Montréal Exchange. From August 6, 2007, to January 31, 2009, Mr. Miquelon was Executive Vice President, Chief Financial Officer and Head of Strategic Development, Montréal Exchange. Prior to joining the Montréal Exchange, he served as Chief Operating Officer of Mediagrif Interactive Technologies (Mediagrif) from December 2004 to February 2007 and as Executive Vice President and Chief Financial Officer of Mediagrif from January 2000 to December 2004.
Sharon C. Pel Toronto, Ontario Canada	Senior Vice President, Group Head of Legal and Business Affairs, TMX Group	Ms. Pel became Senior Vice President, Group Head of Legal and Business Affairs on April 29, 2009. Prior to that, from February 24, 2004 to April 2009, Ms. Pel was Senior Vice President, Legal and Business Affairs. Prior to that, from July 2003 to February 2004, Ms. Pel was Vice President, Corporate Development, General Counsel and Corporate Secretary of TMX Group. Prior to joining TMX Group she practiced corporate and securities law at Torys LLP for 21 years including 13 years as a partner.

Name and Municipality of Residence	Position	Principal Occupation During the Five Preceding Years
Michael Ptasznik Thornhill, Ontario Canada	Senior Vice President, Group Head Chief Financial Officer, TMX Group	Mr. Ptasznik became Senior Vice President, Group Head Chief Financial Officer on April 29, 2009. Prior to that Mr. Ptasznik was Senior Vice President and Chief Financial Officer, TMX Group from January 25, 2005 to April 29, 2009, Chief Financial Officer of TSX Group Inc. (as it was then called) from September 2002 to January 25, 2005 and was appointed Chief Financial Officer of TSX Inc. in July 2002, a position he continues to hold. Prior to that, from September 2000 to July 2002, he was Vice President, Finance and Administration and Treasurer, TSX Inc. From October 1996 to September 2000, Mr. Ptasznik was Director, Finance and Administration, The Toronto Stock Exchange (a predecessor of TSX Inc.). Prior to joining TMX Group, he held a number of finance positions at Procter & Gamble Canada.
Eric Sinclair Toronto, Ontario Canada	President, TMX Datalinx and Group Head of Data Services, TMX Group	Mr. Sinclair became President, TMX Datalinx and Group Head of Data Services on February 10, 2010. Prior to that he was Senior Vice President, Group Head of Datalinx of TMX Group Inc. and Senior Vice President, Head of Datalinx of TSX Inc. since April 29, 2009. Prior to that he was Senior Vice President, TSX Datalinx, TMX Group Inc. and TSX Inc. from February 1, 2006. From April 26, 2005 to February 1, 2006 he was Vice President, TSX Datalinx, TMX Group Inc. and TSX Inc. Prior to that he was Vice President, Datalinx, TMX Group Inc. since April 27, 2004. From February 2003 to April 2004 he was Vice President, TSX Datalinx. Prior to that, from 1999 to December 2002 he was Executive Vice President Global Sales, Spectra Securities Software and from 1986 to 1999 he was Vice President Sales, Business Development, Reuters Canada.

Shareholdings of Directors and Executive Officers

To our knowledge, as at February 28, 2011, the directors and executive officers of TMX Group as a group, beneficially owned, directly or indirectly, or exercised control or direction over approximately 227,000 of our common shares, representing less than one percent of our outstanding common shares and no director or executive officer of TMX Group beneficially owned or controlled voting securities of any of our subsidiaries.

Corporate Cease Trade Orders or Bankruptcies

There have been no bankruptcies, receiverships or similar proceedings against us or any of our subsidiaries, or any voluntary bankruptcies, receiverships or similar proceedings by us or any of our subsidiaries, within the three most recently completed financial years or current financial year.

To our knowledge and except as otherwise disclosed below, in the last ten years, no director or executive officer of TMX Group is or has been a director, a chief executive officer, chief financial officer or executive officer, as the case may be, of an issuer that: (i) while that person was acting in the capacity as a director, chief executive officer or chief financial officer, was the subject of a cease trade order or similar order, or an order that denied the issuer access to any exemptions under Canadian securities legislation, for a period of more than 30 consecutive days; or (ii) while that person was acting in the capacity as a director or executive officer or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets.

Ms Chicoyne was a director of Albums DF Ltée until June 16, 2003 when she withdrew from the board six months before the bankruptcy of this company on December 6, 2003.

Penalties or Sanctions

To our knowledge, no director or executive officer of TMX Group (i) has been subject to any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority, or (ii) has been subject to any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable investor in making an investment decision.

Personal Bankruptcies

To our knowledge, in the last ten years, no director or executive officer of TMX Group has become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or was subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the director or executive officer.

Conflicts of Interest

To our knowledge, no director or executive officer of TMX Group has an existing or potential material conflict of interest with us or any of our subsidiaries.

Employees

We had a total of 841 employees as at December 31, 2010 compared with a total of 849 employees as at December 31, 2009.

INTEREST OF MANAGEMENT AND OTHERS IN MATERIAL TRANSACTIONS

We have provided services in the ordinary course of business to some of our POs. As at the date of this AIF, we do not have any members of our Board of Directors who are employees of our POs. In prior years, some of our POs or approved participants had employees who were members of our Board of Directors.

TRANSFER AGENT AND REGISTRAR

The transfer agent and registrar for our common shares is Canadian Stock Transfer Company Inc. at its principal offices in Vancouver, Calgary, Toronto, London, Montreal and Halifax.

MATERIAL CONTRACTS

The following are the only material contracts, other than the contracts entered into the ordinary course of business, which has been entered into after January 1, 2002 that are still in effect:

- Credit Agreement dated as of April 18, 2008, as amended between TMX Group and a syndicate of financial institutions. We entered into the Credit Agreement in connection with the combination with MX. Further details relating to the credit facility, including financial covenants, are located in our 2010 MD&A under the heading “*Liquidity and Capital Resources - Credit Facilities and Guarantee*” on page 48.
- Merger Agreement dated as of February 9, 2011 between TMX Group and LSEG. Further details regarding our merger with LSEG are located under the heading “2011 – Merger with London Stock Exchange Group plc” on page 9 of this AIF.

A copy of these documents have been filed on SEDAR and are available at www.sedar.com and on our website at www.tmx.com.

EXPERTS

Our auditor is KPMG LLP, who has prepared the Auditors’ Report to the Shareholders in respect of our audited annual consolidated financial statements. KPMG LLP is independent with respect to TMX Group within the meaning of the Rules of Professional Conduct/Code of Ethics of the Institute of Chartered Accountants of Ontario.

ADDITIONAL INFORMATION

Additional information about us, including directors' and officers' remuneration and indebtedness, principal holders of our securities, options to purchase securities and interests of insiders in material transactions (where applicable), and our corporate governance approach and procedures, may be found in our Information Circular for our annual and special meeting of shareholders held on April 28, 2010. We also provide additional financial information in our audited comparative consolidated financial statements for the year ended December 31, 2010 and in the related 2010 MD&A.

We will provide to any person, upon request to our Investor Relations Department at The Exchange Tower, 130 King Street West, Toronto, Ontario, M5X 1J2 (or phone (416) 947-4277 or 1 (888) 873-8392; fax (416) 947-4727; or email shareholder@tmx.com), a copy of this AIF and any documents we incorporate by reference, a copy of our audited comparative consolidated financial statements for the year ended December 31, 2010 together with the accompanying auditors' report and the related 2010 MD&A, a copy of any interim financial statements and related interim MD&A subsequent to the financial statements for the year ended December 31, 2010. If you are not our shareholder, we may require you to pay a reasonable charge for a copy of any of these documents. Additional information about us, including copies of these documents, may be found on our website at www.tmx.com and on SEDAR at www.sedar.com.

FORWARD-LOOKING INFORMATION

This AIF contains "forward-looking information" (as defined in applicable Canadian securities legislation) that is based on expectations, assumptions, estimates, projections and other factors that management believes to be relevant as of the date of this AIF. Often, but not always, such forward-looking information can be identified by the use of forward-looking words such as "plans", "expects", "is expected", "budget", "scheduled", "targeted", "estimates", "forecasts", "intends", "anticipates", "believes", or variations or the negatives of such words and phrases or statements that certain actions, events or results "may", "could", "would", "might" or "will" be taken, occur or be achieved or not be taken, occur or be achieved. Forward-looking information, by its nature, requires us to make assumptions and is subject to significant risks and uncertainties which may give rise to the possibility that our expectations or conclusions will not prove to be accurate and that our assumptions may not be correct.

Examples of such forward-looking information in this AIF include, but are not limited to, factors relating to stock, derivatives and energy exchanges and clearing houses and the business, strategic goals and priorities, market condition, pricing, proposed technology and other initiatives, financial condition, operations and prospects of TMX Group, which are subject to significant risks and uncertainties. These risks include: competition from other exchanges or marketplaces, including alternative trading systems and new technologies, on a national and international basis; dependence on the economy of Canada; adverse effects on our results caused by global economic uncertainties; failure to retain and attract qualified personnel; geopolitical and other factors which could cause business interruption; dependence on information technology; vulnerability of our networks and third party service providers to security risks; failure to implement our strategies; regulatory constraints; risks of litigation; dependence on adequate numbers of customers; failure to develop or gain acceptance of new products; currency risk; adverse effect of new business activities; not being able to meet cash requirements because of our holding company structure and restrictions on paying dividends; dependence and restrictions imposed by licenses and other arrangements; dependence of trading operations on a small number of clients; new technologies

making it easier to disseminate our information; risks associated with our clearing operations; challenges related to international expansion; restrictions on ownership of TMX Group shares and other regulatory restrictions; inability to protect our intellectual property; dependence on third party suppliers; adverse effect of a systemic market event on our derivatives business; risks associated with the credit of customers; cost structures being largely fixed; risks associated with integrating the operations, systems, and personnel of new acquisitions; and dependence on market activity that cannot be controlled.

The forward-looking information contained in this AIF is presented for the purpose of assisting readers of this document in understanding our financial condition and results of our operations, and our strategies, priorities and objectives and may not be appropriate for other purposes. Actual results, events, performances, achievements and developments are likely to differ, and may differ materially, from those expressed or implied by the forward-looking information contained in this AIF.

Such forward-looking information is based on a number of assumptions which may prove to be incorrect, including, but not limited to, assumptions in connection with the ability of TMX Group to successfully compete against global and regional marketplaces; business and economic conditions generally; exchange rates (including estimates of the U.S. dollar - Canadian dollar exchange rate), the level of trading and activity on markets, and particularly the level of trading in TMX Group's key products; the continued availability of financing on appropriate terms for future projects; productivity at TMX Group, as well as that of TMX Group's competitors; market competition; research & development activities; the successful introduction of new products; tax benefits/changes; the impact on TMX Group and its customers of various regulations; TMX Group's ongoing relations with its employees; and the extent of any labour, equipment or other disruptions at any of its operations of any significance other than any planned maintenance or similar shutdowns.

While we anticipate that subsequent events and developments may cause our views to change, we have no intention to update this forward-looking information, except as required by applicable securities law. This forward-looking information should not be relied upon as representing our views as of any date subsequent to the date of this AIF. We have attempted to identify important factors that could cause actual actions, events or results to differ materially from those current expectations described in forward-looking information. However, there may be other factors that cause actions, events or results not to be as anticipated, estimated or intended and that could cause actual actions, events or results to differ materially from current expectations. There can be no assurance that forward-looking information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking information. See "Risks and Uncertainties" outlined in our 2010 MD&A filed with the securities regulatory authorities in Canada.

**APPENDIX A
TO ANNUAL INFORMATION FORM OF TMX GROUP INC.
MARCH 30, 2011**

**TMX GROUP INC.
(THE “CORPORATION”)
FINANCE & AUDIT COMMITTEE
CHARTER**

1. General

The Board of Directors of the Corporation (the “Board”) has established a Finance and Audit Committee (the “Committee”) to take steps on its behalf as are necessary to assist the Board in fulfilling its oversight responsibilities regarding:

- (a) the integrity of the Corporation’s financial statements;
- (b) the internal control systems of the Corporation;
- (c) the external audit process;
- (d) the internal audit and assurance process;
- (e) risk management;
- (f) investment opportunities and the raising of funds by the Corporation;
- (g) the administration, financial reporting and investment activities of the pension plan(s);
- (h) the Corporation’s compliance with legal and regulatory requirements, and
- (i) any additional duties set out in this Charter or otherwise delegated to the Committee by the Board.

2. Members

The Board will in each year appoint a minimum of four (4) directors as members of the Committee. All members of the Committee will be independent directors as required by law and all recognition orders and exemption orders issued in respect of the Corporation by applicable securities regulatory authorities.

All members of the Committee shall be financially literate. While the Board shall determine the definition of and criteria for financial literacy, this shall, at a minimum, include the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Corporation’s financial statements.

The Chief Executive Officer (“CEO”) of the Corporation and, to the extent the Chair of the Board is not otherwise a member of the Committee, the Chair, and all other non-management directors who are not members of the Committee may attend all meetings of the Committee in an ex-

officio capacity and will not vote. Directors who are also members of management, other than the CEO, shall be entitled to attend meetings of the Committee if invited to do so by the Chair of the Committee. The CEO shall not attend in-camera sessions.

3. **Duties**

The Committee shall have the following duties:

(a) **Financial Reporting and Disclosure**

- (1) Audited Annual Financial Statements: Review the audited annual financial statements, all related MD&A, and earnings press releases for submission to the Board for approval.
- (2) Quarterly Review: Following their review by the external auditor, review the quarterly financial statements, the related management discussion and analysis (“MD&A”), and earnings press releases for submission to the Board for approval.
- (3) Significant Accounting Principles and Disclosure Issues: Review with management and the external auditor, significant accounting principles and disclosure issues, including complex or unusual transactions, highly judgmental areas such as reserves or estimates, significant changes to accounting principles, and alternative treatments under Canadian GAAP for material transactions. This shall be undertaken with a view to understanding their impact on the financial statements, and to gaining reasonable assurance that the statements are accurate, complete, do not contain any misrepresentations, and present fairly the Corporation’s financial position and the results of its operations in accordance with Canadian GAAP.
- (4) Compliance: Confirm through discussions with management that Canadian GAAP and all applicable laws or regulations related to financial reporting and disclosure have been complied with.
- (5) Legal Events: Review any actual or anticipated litigation or other events, including tax assessments, which could have a material current or future effect on the Corporation’s financial statements, and the manner in which these have been disclosed in the financial statements.
- (6) Off-Balance-Sheet Transactions: Discuss with management the effect of any off-balance-sheet transactions, arrangements, obligations and other relationships with unconsolidated entities or other persons that may have a material current or future effect on the Corporation’s financial condition, changes in financial condition, results of operations, liquidity, capital expenditures, capital resources, or significant components or revenues and expenses.

- (7) Other Disclosures: Satisfy itself that adequate procedures are in place for the review of the Corporation's public disclosure of financial information, other than the public disclosure of the information referred to in sections 1 and 2 above, and periodically assess the adequacy of those procedures.

(b) **Oversight of Internal Controls**

- (1) Review and Assessment: Review and assess the adequacy and effectiveness of the Corporation's system of internal control and management information systems through discussions with management, the Chief Internal Auditor ("CIA"), and the external auditor.
- (2) Oversight: Oversee system of internal control, by:
- (i) Monitoring and reviewing policies and procedures for internal accounting, internal audit, financial control and management information;
 - (ii) Consulting with the external auditor regarding the adequacy of the Corporation's internal controls;
 - (iii) Reviewing with management its philosophy with respect to internal controls and, on a regular basis, all significant control-related findings together with management's response; and
 - (iv) Obtaining from management adequate assurances that all statutory payments and withholdings have been made.
- (3) Fraud: Oversee investigations of alleged fraud and illegality relating to the Corporation's finances.
- (4) Complaints: Review with management that appropriate procedures exist for the receipt, retention and treatment of complaints received by the Corporation regarding accounting, internal accounting controls or auditing matters, the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters, and for the protection from retaliation of those who report such complaints in good faith.

(c) **External Audit**

- (1) Appointment or Replacement: Recommend the appointment or replacement of the external auditor to the Board, who will consider the recommendation prior to submitting the nomination to the shareholders for their approval.
- (2) Compensation: Review with management, and make recommendations to the Board, regarding the compensation of the external auditor. In making a recommendation with respect to compensation, the Committee shall consider the number and nature of reports issued by the external

auditor, the quality of internal controls, the size, complexity and financial condition of the Corporation, and the extent of internal audit and other support provided by the Corporation to the external auditor.

- (3) Reporting Relationships: The external auditor will report directly to the Committee.
- (4) Performance: Review with management, on a regular basis, the terms of the external auditor's engagement, accountability, experience, qualifications and performance. Evaluate the performance of the external auditor.
- (5) Transition: Review management's plans for an orderly transition to a new external auditor, if required.
- (6) Audit Plan: Review the audit plan and scope of the external audit with the external auditor and management, and consider whether the nature and scope of the planned audit procedures can be relied upon to detect weaknesses in internal controls, frauds or other illegal acts.
- (7) Audit Plan Changes: Discuss with the external auditor any significant changes required in the approach or scope of their audit plan, management's handling of any proposed adjustments identified by the external auditor, and any actions or inactions by management that limited or restricted the scope of their work.
- (8) Review of Results: Review, in the absence of management, the results of the annual external audit, the audit report thereon and the auditor's review of the related MD&A, and discuss with the external auditor the quality (not just the acceptability) of accounting principles used, any alternative treatments of financial information that have been discussed with management, the ramifications of their use and the auditor's preferred treatment, and any other material communications with management.
- (9) Disagreements with Management: Resolve any disagreements between management and the external auditor regarding financial reporting.
- (10) Material Written Communications: Review all other material written communications between the external auditor and management, including the post-audit management letter containing the recommendations of the external auditor, management's response and, subsequently, follow up identified weaknesses.
- (11) Interim Financial Statements: Engage the external auditor to review all interim financial statements and review, in the absence of management, the results of the auditor's review of the interim financial statements and the auditor's review of the related MD&A.

- (12) Other audit matters: Review any other matters related to the external audit that are to be communicated to the Committee under generally accepted auditing standards.
- (13) Meeting with External Auditor: Meet with the external auditor in the absence of management at least quarterly to discuss and review specific issues as appropriate as well as any significant matters that the auditor may wish to bring to the Committee for its consideration.
- (14) Correspondence: Review with management and the external auditor any correspondence with regulators or governmental agencies, employee complaints or published reports that raise material issues regarding the Corporation's financial statements or accounting policies.
- (15) Independence: At least annually, and before the external auditor issues its report on the annual financial statements, review and confirm the independence of the external auditor through discussions with the auditor on their relationship with the Corporation, including details of all non-audit services provided. Consider the safeguards implemented by the external auditor to minimize any threats to their independence, and take action to eliminate all factors that might impair, or be perceived to impair, the independence of the external auditor. Consider the number of years the lead audit partner has been assigned to the Corporation, and consider whether it is appropriate to recommend to the Board a policy of rotating the lead audit partner more frequently than every five years, as is required under the rules of the Canadian Public Accountability Board.
- (16) Non-Audit/Audit Services: Pre-approve any non-audit services to be provided to the Corporation or its subsidiaries by the external auditor, with reference to compatibility of the service with the external auditor's independence.
- (17) Hiring Policies: Review and approve the hiring policies regarding partners, employees and former partners and employees of the present and former external auditor.

(d) **Internal Audit and the Provision of Assurance**

- (1) Chief Internal Auditor: Review and approve the appointment, replacement or dismissal of the CIA. The CIA reports to the Chief Executive Officer ("CEO") administratively and to the Committee functionally.
- (2) Assurance Activities: Review with management and the CIA the mandate, staffing, plans, activities, and results of the Corporation's assurance providers to gain reasonable assurance that their activities are appropriately comprehensive, effective and coordinated with the external auditor.

- (3) Assurance Findings: Discuss the impact of any significant assurance findings, together with the appropriateness of management's response, on the adequacy and effectiveness of the Corporation's system of internal control.
- (4) Meeting: Meet with the CIA in the absence of management at least annually to discuss and review specific issues as appropriate as well as any significant matters that the CIA may wish to bring to the Committee for its consideration, including a discussion of any restrictions or limitations placed on the CIA with respect to scope of work or access to required information.

(e) **Risk Management**

- (1) Adequacy of Policies and Procedures: Review and assess the adequacy of the Corporation's risk management policies and procedures with regard to identification of the Corporation's principal risks annually, and review (at least semi-annually) updates on these risks from the Director, Risk Management. Review and assess the adequacy of the implementation of appropriate systems to mitigate and manage the risks, and report regularly to the Board.

(f) **Financial Planning and Investments**

- (1) Business Plan: Review and recommend the Business Plan, including the annual Operating and Capital Budgets for submission to the Board for approval. Review periodic financial forecasts.
- (2) Investment Opportunities: Review and assess investment opportunities of a value exceeding management's authority, in accordance with procedures established by the Board from time to time.
- (3) Guidelines and Policies: Review and approve guidelines and policies for the investing of cash and marketable securities and review reports from management on the results of such investments against established benchmarks.
- (4) Additional Funds for Investment: Review and assess management's plans with respect to raising additional funds whether through debt or capital, in accordance with procedures established by the Board from time to time.

(g) **Pension Plan**

- (1) Oversight: Review and assess management's reports on pension plan oversight including:
 - (i) Review management controls and processes with respect to the administration of investment activities, financial reporting and funding of the plan(s).

- (ii) Confirm the following appointments for the management of the plan(s), subject to exceptions where the appointment authority is assigned to another party as per plan documents:
 - Auditor
 - Trustee
 - Fund Manager
- (iii) Review the actuarial assumptions used for the valuation, including the rate of return on investments and the discount rate used to arrive at the funding requirements.
- (iv) Review and approve the plan(s) investment objectives and guidelines annually and amend if necessary.
- (v) Review the investment performance of the funds and the investment managers, and their compliance with the investment objectives and guidelines and applicable legislation.
- (vi) Review and approve the annual audited financial statements of the plan(s).

(h) **Compliance**

- (1) Filings with Regulatory Authorities: Review with management the Corporation's relationship with regulators, and the timeliness and accuracy of Corporation filings with regulatory authorities.
- (2) Employee Code of Conduct: Confirm that adequate and effective systems are in place to enforce compliance with the Employee Code of Conduct. Ensure the Employee Code of Conduct is disclosed in the Corporation's annual report or information circular at least every three years or following a material amendment. Alternatively, confirm with management that an up-to-date version of the Employee Code of Conduct is disclosed on the Corporation's website.

(i) **Communication**

- (1) Communication Channels: Establish and maintain direct communication channels with management, the CIA, the external auditor and the Board to discuss and review specific issues as appropriate.
- (2) Coordination with Management: The Committee will coordinate with management on audit and financial matters, and will:
 - (i) Meet privately with management to discuss any areas of concern to the Committee or management; and
 - (ii) Review expenses incurred by the Chair of the Board and CEO of the Corporation. Ensure that the CEO reviews all expenses incurred by direct executive reports of the CEO.

(j) **Related Party Transactions**

- (1) Related Party Transactions: Review with management all related party transactions and the development of policies and procedures related to those transactions.

(k) **Board Relationship and Reporting**

- (1) Adequacy of Charter: Review and assess the adequacy of the Committee Charter annually and submit such amendments as the Committee proposes to the Governance Committee.
- (2) Disclosure: Oversee appropriate disclosure of the Committee's Charter, and other information required to be disclosed by applicable legislation, in the Corporation's Annual Information Form and all other applicable disclosure documents.
- (3) Reporting: Report regularly to the Board on Committee activities, issues and related recommendations.

4. Chair

The Board will in each year appoint the Chair of the Committee. The Chair shall have accounting or related financial expertise. In the Chair's absence, or if the position is vacant, the Committee may select another member as Chair. The Chair will have the right to exercise all powers of the Committee between meetings but will attempt to involve all other members as appropriate prior to the exercise of any powers and will, in any event, advise all other members of any decisions made or powers exercised.

5. Meetings

The Committee shall meet at the request of its Chair, but in any event it will meet at least four times a year. Notices calling meetings shall be sent to all Committee members, to the CEO of the Corporation, to the Chair of the Board and to all other directors. The external auditor or any member of the Committee may call a meeting of the Committee.

6. Quorum

A majority of members of the Committee, present in person, by teleconferencing, or by videoconferencing will constitute a quorum.

7. Removal and Vacancy

A member may resign from the Committee, and may be removed and replaced at any time by the Board, and will automatically cease to be a member as soon as the member ceases to be a director. The Board will fill vacancies in the Committee by appointment from among the directors of the Board in accordance with Section 2 of this Charter. Subject to quorum requirements, if a vacancy exists on the Committee, the remaining members will exercise all its powers.

8. Experts and Advisors

The Committee may retain or appoint, at the Corporation's expense, such experts and advisors as it deems necessary to carry out its duties, and to set and pay their compensation. The Committee shall provide notice to the Governance Committee of its actions in this regard.

9. Secretary and Minutes

The Chief Financial Officer of the Corporation, or such other person as may be appointed by the Chair of the Committee, will act as Secretary of the Committee. The minutes of the Committee will be in writing and duly entered into the books of the Corporation. The minutes of the Committee will be circulated to all members of the Board.
